Annex 1
UCEM Student Protection Plan

Student Protection Plan

Provider's name: University College of Estate Management (UCEM)

Provider's UKPRN: 10008173

Contact point for enquiries about this student protection plan: Helen Edwards,
Director of Academic Quality at aqu@ucem.ac.uk

1. The aim of this plan

UCEM's Student Protection Plan ("SPP") sets out the measures that UCEM has in place to protect You (the student), should a risk to the continuation of studies arise, and the action UCEM will take to protect Your interests and assure continuity of study in the event of a programme closure, or in the unlikely event that UCEM is no longer able to operate.

UCEM is committed to protecting the interests of all Our students, in all circumstances. If a Material Change (as set out in section 2) occurs UCEM will consult with students at the earliest opportunity and put measures in place to preserve continuation of study.

This SPP assesses the level of risk in relation to continuity of study, the measures that UCEM has in place to mitigate any risks, and how UCEM will communicate any information relating to the SPP with You.

The measures contained in this SPP supplement the protection You have under consumer protection law and do not impinge on Your consumer rights.

This document should be read in conjunction with UCEM's Terms and Conditions of Contract which are published on the [UCEM website \(opens new window\)](#).

For the purposes of this SPP 'a student' is defined as someone who has registered to study with UCEM on either an undergraduate or postgraduate programme, and who, as part of registration, has accepted the Terms and Conditions of Contract.

2. Assessment of the risk of a Material Change to delivery

The following section provides an assessment of specific risks, and the likelihood that these risks will occur. In the event that any of these Material Changes occur, the SPP will be implemented, and students will be communicated with as outlined in section 7.2.

2.1 Material Change 1: Risk that UCEM is no longer able to operate

Overall, the risk that UCEM will no longer be able to operate, or will cease to operate, is **LOW**.

Student Protection Plan

UCEM's Institutional Risk Register is regularly reviewed by UCEM's Audit Committee in line with guidance set out in the Committee of University Chairs' (CUC) Higher Education Code for Governance, and the CUC Handbook for Members of Audit Committees in Higher Education Institutions. The UCEM Audit Committee's responsibilities are subject to the overarching governance of UCEM led by the Principal and the powers and functions of the Board of Trustees.

The Risk Register details specific risks, and includes a defined risk score pre- and post-mitigation, as well as associated actions.

UCEM is, as at the time of this SPP, financially sustainable: UCEM's income annually matches its expenditure, and the reserves held by UCEM exceed its annual income. Full details are available in the UCEM audited Annual Accounts, published by the [Charity Commission \(opens new window\)](#).

UCEM's annual budgets and business plans are approved by the Finance Committee who, with the delegated authority of the Board of Trustees, monitor in-year costs and income to assure appropriate oversight and control. The Senior Leadership Team is responsible for ensuring delivery of the annual budgets and business plan.

UCEM has in place a Business Continuity Plan to mitigate against risks that may have an impact on the institution's ability to either fully or completely operate due to unforeseen circumstances. These include mitigations such as: UCEM's headquarters at Horizons, Reading, UK being completely damaged; severe illness resulting in a significant number of staff being unavailable; utility failure; and component or systems failure.

2.2 Material Change 2: Risk that UCEM loses the power to award degrees or to validate one or more of its courses

UCEM has 'taught degree awarding powers' (TDAP), which means the institution has been granted the authority to award all taught awards on an indefinite basis. UCEM currently offers a range of UCEM degrees. This SPP details the assessment of risk to the continuation of study if UCEM was to lose the power to award degrees.

UCEM has in place governance and quality assurance processes to mitigate against any risk that could impact on UCEM's taught degree awarding powers and to ensure UCEM's compliance with the regulatory framework and the Office for Students' (OfS) ongoing conditions of registration. By proactive monitoring of compliance with the on-going OfS conditions of registration and engagement with sector groups to learn from best practice the risk is considered **LOW**.

If a decision was made by the OfS to de-register or remove TDAP, UCEM would appeal and/or would apply to re-register to enable teach-out. If UCEM was unable to teach out it would assist students to transfer to an equivalent programme at another provider.

2.3 Material Change 3: Risk that UCEM is no longer able to deliver one or more modes of study to our students

UCEM's core mode of delivery is online provision. The risk that UCEM would no longer be able to deliver its programmes by online learning is **LOW**. UCEM's Board of Trustees has invested significantly in the development of online resources, technology, and expert staff to support the continued delivery and enhancement of online learning at UCEM.

Workshops provided as part of an apprenticeship programme will continue to run as they form part of UCEM's funding requirements from the Education and Skills Funding Agency (ESFA).

Student Protection Plan

2.4 Material Change 4: The risk that UCEM is unable to deliver at one or more locations

The majority of UCEM teaching is provided online: therefore, there is minimal risk that UCEM would be unable to deliver at one or more locations. UCEM's campus is its virtual learning environment (VLE), which all students 'attend' for their teaching and learning.

The risk that UCEM will be unable to deliver its teaching through the VLE is **LOW**. To mitigate the risk of failure of the VLE, the VLE is hosted externally in a high availability cloud-based environment, so an outage is unlikely. In the highly unlikely event of an outage, the supplier contract includes 24/7 support, and UCEM would contact the supplier immediately. This risk is continuously monitored and is detailed in the UCEM Business Continuity Plan.

The majority of apprenticeship workshops are delivered online however UCEM occasionally runs some physical workshops to support delivery of its apprenticeship programmes. UCEM does not host the workshops at a specific location or campus, but instead hires venues in locations around England. There is a moderate risk that a specific location could become unavailable. In this event UCEM will offer a suitable alternative location. If physical workshops cannot be held UCEM will offer online workshops as an alternative.

2.5 Material Change 5: Risk that UCEM is no longer able to deliver programmes to students in one or more subject areas

All UCEM programmes are focussed on subjects relating to the built environment – i.e., property, land, and construction. This fulfils UCEM's Royal Charter (RC000125), which defines its objectives as to deliver education and training within these specialist areas. UCEM has one school (the School of the Built Environment).

Within the school there are full- and part-time members of staff with expertise in the relevant specialisms, and these academic staff are supported by associate tutors who are also specialists within the built environment.

The risk to students of non-continuation of study arising because UCEM could no longer deliver programmes in one or more subject areas is **LOW**, because the school has well-integrated teams, and is supported by a strong network of associate tutors.

2.6 Material Change 6: Risk that UCEM is no longer able to deliver one or more programmes due to closure

Clause 6 of the UCEM Terms and Conditions of Contract sets out the circumstances in which UCEM may close a programme.

Section 3 of this SPP provides information on the measures that UCEM has in place to preserve continuation of study for its students.

There may be instances where UCEM will choose to discontinue a programme; however, on these occasions UCEM will cease recruitment and then teach out the programme or offer students a suitable alternative programme. UCEM ensures that remaining students on the programme are fully supported to complete their studies by putting in place a Programme Closure Student Support Plan. The risk that UCEM would not teach-out the programme is very **LOW**.

Student Protection Plan

UCEM's apprenticeship programmes are funded by the ESFA. There is a **MODERATE** institutional risk that the ESFA would revoke UCEM's funding contract if UCEM fails to meet the compliance requirements of the ESFA. In this event UCEM would be required to transfer all apprentices to an alternative delivery partner for the remainder of their apprenticeship programme. If an individual apprentice was found to be ineligible for funding after commencing a programme with UCEM, the circumstances of the case would be considered. Depending on the circumstances of the case the apprentice would either be allowed to continue on their programme without ESFA funding or would be withdrawn.

2.7 Material Change 7: Risk that UCEM will make changes to programmes or is no longer able to deliver material components (i.e., tuition as defined in the programme specification) of one or more programmes

Where there is a change to a programme, this will be made in accordance with Clause 6 of the Terms and Conditions of Contract.

Changes will usually be made from the start of a new academic year, i.e., from 1 September, following a period of consultation with students and prospective students outlining the options available to them.

The risk that UCEM would no longer be able to deliver material components is **LOW** because of the way the teams have been integrated within the school structure and the associate tutor network which supports delivery of its programmes. All UCEM programmes are mapped to meet the competency frameworks of the relevant professional bodies, and modules will continue to be delivered to ensure the programmes meet professional body requirements.

2.8 Material Change 8: Risk that UCEM is no longer able to recruit or teach students with particular needs

UCEM attracts students from around the world, and currently has part-time and full-time students studying in approximately 100 countries. The risk that the institution would no longer be able to attract or deliver its programmes in full- and/or part-time modes is **LOW**, due to the continued investment and support from the Board of Trustees.

Due to its online learning model meaning that students do not visit the UK to study their programme, UCEM is not subject to Tier 4 visa requirements. For this reason, the risk to non-continuation of study for international students is **LOW**.

The risk that UCEM would no longer be able to recruit or teach students with disabilities is also **LOW**. UCEM reviews all its online materials for accessibility to ensure that a student with disabilities can apply to UCEM and can access the online learning materials. UCEM may provide materials in different formats, as detailed in the [Code of Practice chapter on Neurodiversity, Disability and Wellbeing \(opens new window\)](#). UCEM has a dedicated Disability and Welfare Team to support applicants and students with additional educational needs, and to ensure appropriate arrangements are in place.

The risk that UCEM would no longer be able to recruit or teach students with any other protected characteristics is also **LOW** because its online delivery provides an accessible platform and mode of learning. In addition, the programmes are designed to be flexible to support students in different circumstances, such as pregnancy, paternity, and maternity.

Student Protection Plan

3. Measures that UCEM has put in place to mitigate these risks and to preserve continuation of study for students

UCEM is committed to ensuring the continuation of study for students in the event of a Material Change and will be transparent where changes have occurred, or are going to occur, and will support students through any changes.

Detailed information regarding the processes that are in place to mitigate risk in the event of programme closure or programme change can be found in the following documents:

- [Terms and Conditions of Contract \(opens new window\)](#)
- [UCEM Academic and Programme Regulations \(opens new window\)](#)
- [UCEM Code of Practice Programme Planning, Monitoring and Evaluation \(opens new window\)](#)
- [UCEM Refund and Compensation Policy \(opens new window\)](#)

All documents are published on the UCEM website. You are advised to read the relevant section of these documents alongside this SPP.

In the event of any programme closing UCEM will put in place a student support plan which details how student interests will be protected in line with the SPP, what risks are associated with closing the programme and how the risks will be mitigated, the student and stakeholder communication strategy and any changes to programme management and delivery arrangements during the runout. Oversight of the implementation of the SPP rests with UCEM's Quality Standards and Enhancement Committee.

3.1 Programme closure

In the event that a UCEM programme is closed, UCEM is committed to 'teaching out' all students currently registered on the programme; however, UCEM will also support students to transfer to another programme if they wish to do this instead.

Students will be given the opportunity to complete their programme of study (in accordance with the Academic and Programme Regulations for Students). However, in exceptional circumstances, where students have not exceeded the maximum registration period for their programme but have fallen behind their cohort, the Academic Board may approve an accelerated programme closure, for example by providing additional resit opportunities, taking into account the needs of students with protected characteristics and particular needs.

UCEM will also provide students with the opportunity to transfer on to an alternative programme offered by UCEM or, where appropriate, to another provider, with appropriate credit transfer where applicable.

For students that have applied to the programme but not yet enrolled, UCEM will notify the students concerned allowing them sufficient time to source an alternative programme. Where needed UCEM will provide support to applicants to find a suitable alternative programme.

3.2 Apprenticeship programme closure due to withdrawal of ESFA funding

To mitigate the risk of failing to meet the compliance requirements of the ESFA in relation to UCEM's apprenticeship programmes the Board of Trustees has provided significant investment to UCEM to deliver these programmes, which has included additional recruitment of staff with relevant expertise, as well as additional systems. Academic governance structures have also been reviewed to ensure appropriate oversight of quality and standards.

Student Protection Plan

In the unlikely event that the ESFA has cause to, and decides to, terminate one or more of the apprenticeship funding contracts (levy and non-levy) that UCEM holds, the normal route to enable the apprenticeship students to continue with their programme is for the ESFA to identify and approach another suitable training provider with a view to the transfer the responsibility for provision of the apprenticeships to that provider. UCEM will promptly provide such assistance and comply with such timetable as the ESFA may reasonably require for the purpose of ensuring an orderly transfer of responsibility for provision of the apprenticeship programmes, to ensure continuation of study for the students affected.

In the event that relevant employer(s) indicate that the transfer of the responsibility for provision of the apprenticeship programmes is undesirable to the relevant employer(s), UCEM would offer such assistance as is necessary to enable the student to complete as much of their programme with UCEM as possible. UCEM would work with the employer to support students to find other means of funding.

3.3 Changes to programme or material components

UCEM will endeavour to deliver programmes in line with the information provided to students in the programme specification; however, there may be circumstances where it is necessary to make a change in order to comply with external professional, accrediting or regulatory body requirements, to ensure that curriculum, mode or delivery remains current, to implement external examiner feedback or annual monitoring improvements. The level of change will be restricted to those changes that are absolutely necessary to ensure the quality of the programme and consultation will take place with students impacted. All changes will be made in accordance with the Code of Practice chapter on Programme Planning, Monitoring and Evaluation.

For UCEM's apprenticeship programmes UCEM will endeavour to deliver all material components as planned, however, there may be occasions where this is not possible for the following reasons:

- a venue is unable to hold a workshop, either an alternative venue will be found in the same area, or students will have the option to transfer to a different location in the UK where a workshop is being delivered. Where workshops cannot be held face-to-face due to external factors (e.g., the COVID-19 pandemic) UCEM will provide the workshop in an alternative format.
- Where an examination centre is unable to hold an End Point Assessment (EPA) exam, an alternative venue will be found in the same area, or students will have the option to transfer to a different exam centre.

If attending an alternative apprenticeship workshop venue or EPA examination venue was not an option due to special circumstances, UCEM would explore this on a case by case basis and would consider facilitating a transfer to another provider or applying its Refund and Compensation Policy.

4. UCEM Refund and Compensation Policy

This section of the SPP sets out UCEM's policies and procedures for refunds and compensation. If UCEM is no longer able to preserve continuation of study, students should refer to the UCEM Refund and Compensation Policy. The Policy provides information on the refunds that students would be eligible for, including:

- students in receipt of tuition fee loans from the Student Loans Company
- students who pay their own tuition fees
- students whose tuition fees are paid by a sponsor.
- the payment of additional travel costs for students affected by a change in the location of their programme.

Student Protection Plan

The Policy also details UCEM's commitments to honour student bursaries and provide compensation where it is not possible to preserve continuation of study.

In the unlikely event of UCEM being unable to deliver a programme or programmes of study it has in place a designated Balance Sheet compensation reserve to offer refunds and compensation in accordance with the Refund and Compensation Policy. This reserve will be maintained at a minimum of £1 million or 10% of the most recent audited financial year's tuition fees and education contracts revenue (reported in accordance with the latest version of the Further and Higher Education Statement of Recommended Practice (FEHE SORP)), whichever is the greater.

5. Communication with Students and Staff about the Student Protection Plan

This SPP is published on the [UCEM website \(opens new window\)](#) and is annexed to the Terms and Conditions of Contract.

5.1 Communication with students

- Applicants are informed of the existence of the SPP in their offer letter to study on a programme with UCEM.
- Current students are notified of the SPP through announcements on the VLE and in their offers to register for their next semester. Students are invited to register for new modules either on a bi-annual or annual basis, and at each of these points students are referred to the SPP.

5.2 Communication with Staff

UCEM recognises how important it is that all staff are aware of this SPP when changes to a programme are proposed, in particular to ensure compliance with the requirements of the Competition and Markets Authority (CMA) to provide accurate programme information to both applicants and students.

UCEM has in place academic governance structures to ensure the appropriate process is followed when changes are made. These are detailed in the [Code of Practice chapter on Programme Planning, Monitoring and Evaluation \(opens new window\)](#). The [Code of Practice chapter on Information about higher education provision \(opens new window\)](#) details the requirements for compliance with the CMA.

The SPP is also linked with UCEM's quality review processes to ensure all staff are aware of the SPP when proposing any changes to programmes or when making decisions on programme discontinuation. In particular, it is reviewed at the UCEM Deliberative Committee – Quality Standards and Enhancement Committee as part of the review cycle in accordance with UCEM's Code of Practice.

6. Development of the Student Protection Plan

UCEM will review the SPP on an annual basis.

Following review, if changes are made, the SPP will be approved at the Academic Board, which includes student representation on the Committee, which ensures that students are part of the final approval process. However, Academic Board will review the SPP a minimum of once every three years.

Any changes to the SPP will take place before the start of the academic year.

Student Protection Plan

7. Communication with Students if the Student Protection Plan needs to be implemented.

7.1 Notice period regarding changes

UCEM closure: If UCEM is no longer able to operate, UCEM will provide all students with as much notice as practicable, which is expected to be a minimum notice period of one academic year. UCEM would seek to ensure the continuation of study for all students on our programmes by supporting them in finding an alternative programme at another institution. Support for this transfer of study would include the provision of an academic record of a student's achievement, to facilitate the admission to another institution.

Programme closure: In the event of programme closure, the procedure detailed in the Terms and Conditions of Contract will be followed. All existing students would be provided with the opportunity to complete their programme, or transfer to an alternative programme. There is no minimum notice period.

Changes to a programme of study: In the event of changes to material components to a programme of study the process for change is detailed in the Code of Practice chapter on Programme Planning, Monitoring and Evaluation. Changes to a programme or modules must be approved during the Programme Change window to effect change normally from the following September. This means that seven months' notice is usually given to students or applicants affected.

7.2 Communication with students on implementation

UCEM will write to all students affected by any of the changes outlined in the SPP and consult on the changes that are occurring. UCEM will explain the reasons for the change and what options are available. UCEM will seek to support students through this process both collectively and individually to help them to understand the options available.

As part of the consultation, students will be provided with the opportunity to discuss the changes with members of staff, who are likely to include the programme leaders, module leaders or Student Engagement Team. As part of these discussions UCEM will work closely with the Lead Student Representative.

7.3 Availability of advice for students

UCEM will provide all students affected by any of the changes outlined in this SPP with direct access to the Lead Student Representative, who can raise issues with the Board of Trustees.

7.4 Student complaints regarding the implementation of the Student Protection Plan

UCEM has an open, fair, and accessible Student Complaints Procedure which operates in accordance with the principles of the OIA Good Practice Framework to encourage the prompt resolution of problems at the earliest possible stage. UCEM's Student Complaints Procedure is available on the [UCEM website \(opens new window\)](#).

All students are encouraged to resolve issues informally in the first instance with the relevant member of staff. To raise a complaint or seek advice on the possible submission of a complaint, students should first contact the Complaints Officer at UCEM at complaints@ucem.ac.uk.

UCEM Refund and Compensation Policy

1. Introduction

- 1.1 This Policy sets out UCEM's approach to refunds and compensation for our students.
- 1.2 UCEM recognises that after you have registered for a programme You may need to withdraw or change Your original registration. Additionally, there may be circumstances where it is not possible for UCEM to preserve continuation of study for one or more students, e.g. if We have to close or change a programme.
- 1.3 This policy sets out our mechanisms for refunds and compensation for students in any such event.
- 1.4 This policy should be read in conjunction with the following documents:
- [UCEM Terms and Conditions of Contract \(opens new window\)](#) (available on the UCEM website)
 - [UCEM Student Protection Plan \(opens new window\)](#) (available on the UCEM website)
 - [UCEM Academic and Programme Regulations \(opens new window\)](#) (available on the UCEM website)

2. Scope

- 2.1 This Policy applies to all UCEM undergraduate and postgraduate programmes, and to all UK, EU and international students.
- 2.2 The refund and compensation terms apply to all students with the exception of those studying on a publicly funded apprenticeship programme. It does however apply to students who are paying their own tuition fees, accessing student loans, and/or in receipt of student bursaries, and students whose sponsor (e.g. employer) pays their tuition fees.
- 2.3 This policy is without prejudice to students' common law and statutory rights, for example under the Consumer Rights Act 2015 and the Consumer Contract (Information, Cancellation and Additional Payments) Regulations 2013 (the Consumer Contract Regulations).

3. Definitions

For this policy the following definitions for refund and compensation have been used:

- 3.1 **Refund:** means the reimbursement in full or part thereof of tuition fees paid by You to UCEM, or an appropriate reduction in the tuition fees owed by You to UCEM for the future.
- 3.2 **Compensation:** will relate to some other recognisable loss suffered by You. This normally falls into two categories, either (a) recompensing You for wasted out-of-pocket expenses that You have incurred, which were paid to someone other than UCEM (such as travel costs) or (b) an amount to recognise material disadvantage to You arising from a failure by UCEM to discharge its duties appropriately. Compensation may take the form of financial payment, a discount or other benefit.

UCEM Refund and Compensation Policy

You must act reasonably and seek to minimise any disadvantage for which compensation may be paid.

4. Circumstances that may lead to a refund or compensation

4.1 You cancel within 14 days

- New students are entitled to a refund under the Consumer Contract (Information, Cancellation and Additional Payments) Regulations 2013 if they cancel the Contract within 14 days after the day on which it was entered into. Full information is provided within the [UCEM Terms and Conditions of Contract \(opens new window\)](#).

4.2 You voluntarily decide to leave UCEM

If You decide to voluntarily withdraw from Your programme with UCEM or transfer to another institution, and UCEM is not in breach of contract, You may be eligible for a partial refund. Withdrawals will not be processed without a completed withdrawal form with the date of withdrawal recorded as the date that the withdrawal form is received by UCEM. Compensation is unlikely to apply in this instance.

4.2.1 Partial refunds: If the date of your withdrawal is prior to four weeks after the semester start date UCEM will retain 20% of the tuition fees due for that semester and refund any tuition fees received over and above that amount. The 20% retention of tuition fees due for that semester reflects the costs UCEM has incurred in enrolling you on the semester. You are still liable for 20% of the fees if you withdraw before the semester start date.

4.2.2 No refund: If the date of your withdrawal is more than four weeks after the semester start date, no refund will be due and full tuition fees for the semester remain payable. This retention of fees reflects the costs that UCEM has incurred in enrolling you on the semester, including providing access to the virtual learning environment (VLE), programme materials, and the provision of academic support and student support services.

The table below shows withdrawal charges. The withdrawal date is the date on which the withdrawal form is received by UCEM (not the date on initial enquiry)

Withdrawal charges		
Contract date + 14 days (applicable to new students only as per Consumer Contract Regulations 2013)	Up to and including 4 weeks after semester start date	4 weeks after the start of the semester
100% refund	20% fees retained by UCEM	100% fees are payable and will be retained by UCEM

4.3 You voluntarily decide to unregister from one or more modules but remain on Your programme

Compensation is unlikely to apply in this instance.

4.3.1 Before the module commencement date: If you inform UCEM before the module commencement date that you wish to voluntarily unregister from one or more modules, but remain on Your programme, and UCEM is not in breach of contract,

UCEM Refund and Compensation Policy

You are entitled to a full refund of any fees paid for the modules from which you are unregistering.

4.3.2 **After the module commencement date:** You cannot unregister from modules, but remain on Your programme, after the module commencement date. Therefore, no refund will be due. See the [UCEM Terms and Conditions of Contract \(opens new window\)](#) and the [UCEM Academic and Programme Regulations \(opens new window\)](#) for information about interruption of studies. No refund will be due if you interrupt your studies. Regardless of the payment method chosen, full payment for tuition fees is required for the interrupted module.

4.4 UCEM discontinues the programme which you are completing (but is not in breach of the Contract)

4.4.1 Following the discontinuation of a programme, You may be eligible for a refund and/or compensation under the circumstances set out below.

4.4.2 You decide to transfer to an alternative programme at UCEM.

If UCEM discontinues a programme and You transfer to an equivalent programme offered by UCEM, neither a refund nor compensation will usually be offered.

Where You transfer to a programme that is not equivalent to the programme you are currently enrolled on at UCEM (for example, where there is a difference in award, accreditation, programme length, or the cost of programme) you may be eligible for a refund up to the full amount of any tuition fees paid and/or compensation.

4.4.3 You decide not to transfer to an alternative programme at UCEM.

If UCEM discontinues a programme and You decide not to transfer to an alternative UCEM programme (i.e. you withdraw and cease Your studies or transfer to an alternative programme at another provider) You will be eligible for a full Refund of any tuition fees paid.

Where You are eligible for an exit award, pro rata tuition fees will be refunded for the portion of the UCEM programme that cannot be taken.

You may be eligible for compensation where a differential exists between the tuition fee payable at UCEM and the tuition fee payable to complete an equivalent programme at an equivalent institution in the same mode of study. In circumstances where the same mode of study is not possible, you will be paid any tuition fee differential to complete an equivalent course at an equivalent institution.

If You transfer to an equivalent programme at an equivalent institution in the same mode of study (i.e. part-time or full-time, online learning) and Your new tuition fees are greater than the tuition fees You would have paid for the discontinued programme, then You will be eligible for Compensation in the sum of the difference to the equivalent programme.

UCEM Refund and Compensation Policy

If You transfer to an equivalent programme at an equivalent institution at which the same mode of study is not possible, and no appropriate equivalent programme at an equivalent institution delivered by the same mode of study was available to you within a reasonable period, and Your new tuition fees are greater than the tuition fees You would have paid for the discontinued programme, then You will be eligible for Compensation in the sum of the difference to the equivalent programme.

Compensation is not usually paid for transfer to programmes or institutions that are not equivalent to the discontinued Programme.

4.5 UCEM makes changes to a programme (but is not in breach of the Contract).

Where UCEM makes a change to a programme in compliance with the Contract, a refund will not usually be payable in these circumstances, unless through this change You are required to take a replacement module(s) which is materially different from the original module outlined in the programme specification as a result of the removal of a module(s) when you were part-way through completing the original module(s).

4.6 You may be eligible for compensation where the change has disadvantaged you, such as where the length of your programme has been increased, or an accreditation has been lost.

4.7 You withdraw from UCEM or transfer to another provider because of a breach of contract by UCEM.

If UCEM fails to comply with its obligations towards You under the Contract, We will be responsible for any foreseeable loss or damage You suffer that has arisen as a result of UCEM's breach of contract, but UCEM will not be responsible for any loss or damage that could not have been foreseen or any loss or damage that You have failed to mitigate (i.e. reduce or avoid) where it was reasonable to do so. Loss or damage can be considered to have been foreseeable where they are an obvious consequence of a breach by UCEM, or if they were considered by you and UCEM at the time the contract was entered into.

Therefore where You withdraw from UCEM or transfer to another provider as a result of a breach by UCEM of the Contract, it may be appropriate for UCEM to provide up to a full refund of tuition fees, as well as compensation for loss caused by the breach. Our liability is governed by clause 17 of Our contract with you.

4.8 There is an interruption to your programme.

If You choose to take a break in your programme you will not usually be eligible for a Refund or Compensation.

Where the break is unilaterally imposed by UCEM through UCEM's failure to deliver You may be eligible for a Refund or Compensation. Where the break is unilaterally imposed by UCEM through the Fitness to Study Procedure you may be eligible for a refund, but you would not be eligible for compensation.

4.9 UCEM ends your contract and removes you from your programme.

Where UCEM lawfully ends your contract and relationship with UCEM under the UCEM Terms of Contract or the UCEM Academic and Programme Regulations, no refund of tuition fees or compensation is payable.

4.10 Sums owed to Us.

We may reduce the amount of any refund or compensation that would otherwise be payable to You by an amount equal to any sums that You owe to Us.

5. Process for managing refunds/compensation claims

- 5.1 If you are eligible for a refund through clause 4.1 or 4.2.1 or 4.3.1 your refund will automatically be processed and you do not need to request this.
- 5.2 For anything that falls outside of clause 4.1 or 4.2.1 or 4.3.1, if You want to request financial redress or to discuss a potential request or issue related to this Policy You should email finance@ucem.ac.uk. You should use the Refund and Compensation Form to set out your request.
- 5.3 Students will be required to submit written evidence in support of a request for financial redress.
- 5.4 Although circumstances for each individual student will be different, the process for considering refunds and compensation will be fair and consistent for all students so that you can be confident you are being treated equally. The process can be found in [Appendix A](#).
- 5.5 UCEM is committed to being open and transparent in its communications with all students when considering refunds and compensation.
- 5.6 UCEM, in considering requests for refunds and/or compensation, will:
- 5.6.1 seek to ensure that it meets its statutory responsibilities and duties in law, including compliance with the Consumer Rights Act 2015 (CRA) and the Higher Education and Research Act 2017 (HERA) and the Consumer Contract Regulations 2013.
- 5.6.2 seek to ensure it fulfils its responsibilities as part of its registration with the Office for Students (OfS), which is the regulatory body for Higher Education Providers in England.
- 5.6.3 comply with the [UCEM Academic and Programme Regulations \(opens new window\)](#).
- 5.6.4 consider, on a case-by-case basis the particular circumstances of the matter including:
- the nature and reasonableness of the loss which the student has incurred (for example, as relevant, additional costs such as reasonable travel costs or reasonable costs associated with the student's transfer to another programme of study or provider or in connection with a bursary);
 - the context in which the loss arises (for example, if a student makes a complaint that UCEM has not complied with its obligations under the contract, or if UCEM implements its [Student Protection Plan \(opens new window\)](#) in circumstances where UCEM is no longer able to preserve continuation of the student's study).
- 5.7 You will receive the outcome of your request within 20 working days of receipt.
- 5.8 If for any reason You are not satisfied with the way UCEM responds to Your request, please refer to section 10.

6. Refunds for students in receipt of bursaries

- 6.1 UCEM bursaries are awarded as reductions to tuition fees, not as monetary awards.
- 6.2 Bursary awards are granted for the duration of a student's programme, unless otherwise stated at the point of award. Once granted, UCEM cannot withdraw a bursary unless a student withdraws from their programme, or their programme registration is ended by UCEM under the [UCEM Terms and Conditions of Contract \(opens new window\)](#) or [UCEM Academic and Programme Regulations \(opens new window\)](#).
- 6.3 If a student transfers to an alternative UCEM programme at the same level (following discontinuation of their original programme or otherwise) the bursary award will transfer to the alternative programme. Where satisfactory alternative programme arrangements cannot be made by UCEM, the value of tuition fees paid by You after bursary will be eligible for refund as set out in Section 4, in addition to any compensation that may be payable.

7. Payment of refunds or compensation

- 7.1 Any refund payment will be made to the person or organisation making the original tuition fee payment. For example, where tuition fees have been paid by your employer under a Sponsorship Agreement any refund due will be made to the employer.
- 7.2 For undergraduate students funded by the Student Loan Company (SLC), UCEM will notify SLC of your withdrawal as soon as reasonably possible before the next loan liability point so that the next instalment of the tuition fee loan is not paid. You will only be liable to repay the tuition fee loan instalments paid whilst you were an eligible student. The tuition fee liability at the date of withdrawal will be calculated as above, and any refunds due will be made to the SLC. Your tuition fee liability will never exceed the amount of the loan advanced.
- 7.3 Where UCEM is in breach of the Contract, partial or full refunds will be paid electronically within 14 days of the agreement of the claim by both parties. Where there has not been a breach by UCEM, partial or full refunds will be paid within 30 days of the agreement of the claim.
- 7.4 Compensation payments will be paid electronically within 14 days of the agreement of the claim by both parties.

8. Discretion

UCEM retains a general discretion to make refunds in circumstances under which students may not normally be entitled to a refund. This may include mitigating circumstances of an exceptional nature such as where a student has a serious or sudden illness. This is at the absolute discretion of UCEM, and written evidence will be required.

9. Non-financial remedies

Annex 3

Key extracts of UCEM Student Complaints Procedure at the date of drafting this document

Please note the full procedure is held on UCEM's website here: <https://www.ucem.ac.uk/code-of-practice/>

1. Introduction

The Procedure applies to all individuals who are applying to study or are studying on UCEM programmes. Former students may complain according to the timelines set out in this Procedure.

The procedures outlined below have been established with the aim, where possible, of resolving complaints informally and through negotiation between those individuals who are immediately concerned with the issue. If a complaint is deemed by UCEM to be of a particularly serious nature, UCEM reserves the right to move the complaint to formal investigation at the most appropriate stage of the procedures from the outset.

In exceptional circumstances, UCEM reserves the right to investigate complaints, and then to decline to consider any that are merely vexatious or abusive. UCEM will provide a brief response outlining the reasons for deciding not to investigate further but will not enter into lengthy correspondence about such cases. Making repeated and/or unfounded false, malicious and vexatious complaints may be considered misconduct and result in the application of the Disciplinary Procedure.

2. Definitions

A 'complaint' is defined as 'an expression of dissatisfaction by one or more students about UCEM's action or lack of action, or about the standard of service provided by, or on behalf of UCEM'.

An 'appeal' is 'a request for a review of a decision taken by an individual or academic body charged with making decisions about students' progression, assessment, and awards'. Procedures for appeals are dealt with through a different process, as detailed in the Student Appeals Procedure on the UCEM Website. A formal complaint cannot be raised whilst a matter is in the process of being considered as an appeal.

A person who makes a complaint is known as the 'complainant'.

3. Guide to making a Complaint

Students are encouraged to let UCEM know if things could be improved.

The complaint must be raised informally (Stage 1) normally within 20 working days of the cause for complaint. If the complaint is not resolved at Stage 1 the complainant must raise the complaint to Stage 2, normally within 20 working days of receipt of the outcome of Stage 1. If the complaint is not resolved to the complainant's satisfaction at Stage 2 the complainant must raise the complaint to Stage 3, normally within 20 working days of the outcome of Stage 2. Only in exceptional circumstances will UCEM consider a complaint outside of these timescales, where there is medical evidence, such as mental health issues which has prevented submission. Requests will be considered in consultation with the Disability and Wellbeing Adviser, to ensure compliance with the Equality Act 2010.

Separate provisions apply for those studying on a programme validated by, or delivered in conjunction with, partner institutions.

If the complainant reaches the end of the UCEM process and is still not satisfied and wishes to raise the complaint to the Office of the Independent Adjudicator (OIA) this must occur within twelve months of receipt of the 'Completion of Procedures letter'.

A student should submit their own complaint. However, if a student has a disability or other impairment which makes them unable to make their complaint effectively, they can contact the Complaints Officer, by sending an email to complaints@ucem.ac.uk for details on how to appoint a representative. In dealing with the complaint, UCEM may still wish to have direct contact with the student during the investigation process. Only in exceptional circumstances can an anonymous complaint be made, and there must be exceptional reasons why the complaint has to be anonymous. These should be discussed with the Complaints Officer in the first instance.

UCEM has made a commitment that no student will be penalised for complaining, and guidance has been given to academic staff to this effect. Members of staff involved in handling the various stages of a particular complaint are obliged to ensure that such a complaint does not influence the assessment of the complainant's academic work, or the way in which the student is treated.

UCEM will ensure, as far as is reasonably practicable, that where a complaint is upheld, appropriate remedial action is taken. Any resulting restitution could include reasonable and proportionate expenses necessarily incurred by a successful complainant.

4. Stages of Procedure

Before making a complaint, it is recommended that students seek advice and guidance from a trusted source, such as the Lead Student Representative, Student Advice, the Apprenticeship Team or their lecturer. The Complaints Officer will be pleased to provide impartial advice regarding the Student Complaints Procedure.

Stage 1: informal direct complaint at source

Complaints should be raised as soon as possible and normally no later than 20 working days after the issue has arisen. The complainant should first raise the complaint directly with the department at the source of the complaint, as soon as possible and normally within 20 working days of the issue arising. For example, if the complaint is about a module, contact the module or programme leader directly; if the complaint is about admissions, contact the admissions team directly; or if the complaint is about an apprenticeship, contact the appropriate Apprenticeship Outcomes Officer directly. If a student is unsure who to raise their complaint to, they can raise an enquiry in Student Central. The aim is to resolve the problem directly and informally at the earliest opportunity. An initial acknowledgement should be sent to the complainant within two working days of receipt of the complaint. It is anticipated that the vast majority of complaints will be resolved in this manner.

Although Stage 1 is informal, the member of staff involved should provide a full response to the complainant. The outcome should be provided within 20 working days of receipt of the informal complaint.

If the complainant is not satisfied with the action taken at this level, they may choose to proceed to Stage 2 of the procedure. If the complainant wishes to proceed to Stage 2, they must notify UCEM, normally within 20 working days of receiving the outcome of Stage 1.

If a complainant feels unable to approach the relevant department, Programme Leader or Student Adviser, or is not satisfied with the response to the complaint, the complainant should make a formal complaint (see Stage 2 below).

Stage 2: formal complaint to the Complaints Officer

Formal complaints can be made to the Complaints Officer by completing the [Student Complaints Form \(downloads Word document\)](#) and submitting it, along with any relevant evidence, to the Complaints Officer via email to complaints@ucem.ac.uk.

Alternatively, complainants can send the completed form and evidence to the following address:

- The Complaints Officer, University College of Estate Management, Horizons, 60 Queen's Road, Reading, RG1 4BS;

Evidence to support a complaint may include medical evidence, communication on the VLE and copies of relevant correspondence. All evidence received will be confidential, and only those who need to review the evidence as part of the complaints process will have access to the information.

The Complaints Officer will acknowledge the complaint within 2 working days of its receipt. After a brief investigation into the problem, the complainant will be contacted again to be

advised of the timescale of the inquiry into the complaint. The Complaints Officer will allocate the complaint to an 'Investigating Officer' who has not been previously involved with the complaint. The 'Investigating Officer' will be a senior member of UCEM staff.

The Investigating Officer will review all papers submitted and meet with relevant members of staff to review the complaint. The Investigating Officer may also speak with the complainant to clarify facts, where required.

A written response relating to the findings of the inquiry will be issued by the Investigating Officer within 20 working days from the date of receipt of the original complaint.

If the complainant is not satisfied with the action taken at this level, he/she may choose to proceed to Stage 3 of the procedure. If the complainant wishes to proceed to Stage 3 they must notify UCEM, normally within 20 working days of receiving the outcome of Stage 2.

Stage 3: review

If the complainant wishes to proceed to stage 3, they should write to the Complaints Officer, and request for the case to be referred for review, normally within 20 working days of the receipt of the Stage 2 outcome. Stage 3 is undertaken by an external independent reviewer, normally an Independent Trustee from the Board of Trustees, who sits outside of UCEM's management structure. The purpose of the review is to ensure that the correct procedure has been followed by UCEM, and the outcome is reasonable. The reviewer will not re-investigate the complaint unless new evidence has been presented.

UCEM's Executive will consider the report from the Stage 3 Reviewer when providing UCEM's response to the complainant's Stage 3 complaint. The Complaints Officer will issue the Stage 3 response within 20 working days of receipt of the complainant request for a Stage 3 review. The complainant will also receive a Completion of Procedures letter within 28 days, which details UCEM's final response to the complaint and confirms that the end of the UCEM complaints procedure has been reached.

This is the end of UCEM's internal complaint procedures. If the complainant is not satisfied with the action taken at this level, there are some further options presented below.

Complaint to the Office of the Independent Adjudicator (OIA)

If on completion of the UCEM Complaints process the complainant is still not satisfied that the complaint has been dealt with in an appropriate manner, they may contact the Office of the Independent Adjudicator (OIA) for Higher Education within twelve months of being issued with a Completion of Procedures letter from UCEM.

For further information about the Office of the Independent Adjudicator (OIA) for Higher Education and how to submit a complaint please visit the [OIA website \(opens new window\)](#), or write to them at the following address: The Office of the Independent Adjudicator, Second Floor Abbey Wharf 57 – 75 Kings Road Reading RG1 3AB.

Please note there are some complaints that the OIA cannot look at and these are outlined on their website.

This is the final point of recourse, and the decision of the Office of the Independent Adjudicator (OIA) is final.

Complaint to the Education and Skills Funding Agency (ESFA)

Apprentices also have the option if they are still not satisfied to raise their complaint with the Education and Skills Funding Agency (ESFA) for consideration of their complaint under the [Complaints Procedure \(opens new window\)](#).

Please note that the ESFA will not usually investigate complaints more than 12 months after the original decision or action has been taken.

A complaint may be escalated to the ESFA via email to customer.complaints@education.gov.uk, or in writing to:

Customer Service Team,
Education and Skills Funding Agency
Cheylesmore House
Quinton Road
Coventry CV1 2WT

See also: [the ESFA Procedure for dealing with complaints about providers \(opens new window\)](#).

Office for Students (OfS) Freedom of Speech Complaint Scheme

The Office for Students (OfS) operates a free speech complaints scheme. Under that scheme, the OfS can review complaints about free speech from members, students, staff, applicants for academic posts and (actual or invited) visiting speakers. Information about the complaints that the OfS can review is available on its [website \(opens new window\)](#).

5. Student Complaints about UCEM Staff Conduct

Complaints about staff conduct should be submitted by completing a [Student Complaints Form \(downloads Word document\)](#) to complaints@ucem.ac.uk as soon as possible and normally within 20 working days of the cause for complaint. The complainant will receive an acknowledgement of receipt within 2 working days.

Complaints about UCEM staff will initially be reviewed by the Director of HR who will determine who is the best person to investigate the complaint. In some cases it may be appropriate for the Director of HR to lead the investigation, either informally or formally in accordance with the UCEM Staff Disciplinary Procedure. To investigate the complaint, the Investigating Officer will review all papers submitted and meet with relevant members of staff. The Investigating Officer may also speak with the complainant if they need to clarify any facts of the complaint.

UCEM will aim to provide a written response as soon as reasonably possible, normally within 20 working days. However, sometimes the nature of employment-related investigations can be complex and extend beyond the 20 working day response, UCEM is required to adhere to employment legislation and statutory guidance throughout the process. In these cases UCEM will keep the complainant updated on the progress of their complaint.

Due to the confidential nature of employment investigations, UCEM may not be able to disclose the findings of the investigation, nor confirm what action has, may or may not be taken as a result of the outcome of the investigation. This includes whether UCEM will deal with the complaint on an informal or formal basis with the member of staff. UCEM will, still provide a formal written response outlining UCEM's position in as much detail as it is possible to give.

Should the complainant feel dissatisfied with the action taken in response to the formal complaint, they should respond to complaints@ucem.ac.uk to explain why within 20 working days of receipt.

A member of UCEM's Executive team who has not previously been involved in the complaint will review the complaint. The purpose of the review is to ensure that appropriate procedures have been followed correctly by UCEM, and the outcome is reasonable, as well as to consider any new evidence submitted. The reviewer will not re-investigate the complaint unless new evidence has been presented.

UCEM will try to provide the complainant with a written response, within 20 working days of receipt. This may not be possible if constrained by employment-related investigations. In these cases, UCEM will aim to provide the complainant with a response as soon as reasonably possible and will keep them updated on progress.

6. Student Complaints about other Students

Complaints about other students should be submitted using a [Student Complaints Form \(downloads Word document\)](#) to complaints@ucem.ac.uk.

The procedure for investigating a complaint against another student making an informal complaint is the same process as outlined in Stage 1. If the complaint is not resolved at Stage 1 and the complainant wishes to proceed to Stage 2, an Investigating Officer will be appointed. The student against whom the complaint has been made may be asked to attend a meeting, to which they may be accompanied by a Student Representative, or another student enrolled on the programme. The Complaints Officer will liaise closely with both parties at each stage of the process, and the investigation will be confidential, and comply with data protection requirements. If the complaint is not resolved at Stage 2, Stage 3 of the procedure applies.

1. Introduction

- 1.1 The Disability and Wellbeing Team provide information advice and guidance to prospective and current students on the support and reasonable adjustments that could be provided during their studies. All students can contact the Disability and Wellbeing Team at any stage of their studies.
- 1.2 This Code of Practice Chapter provides a framework for the implementation of reasonable adjustments to support students with a disability or neurodiversity. UCEM aims to ensure that all students achieve their full academic potential and that no student is disadvantaged because of a disability, neurodiversity or health condition.
- 1.3 UCEM has a duty to anticipate reasonable adjustments in the design of its programmes and their assessment, and in the development and provision of other facilities and services that support students and their learning. A reasonable adjustment is a reasonable variation or alteration made to UCEM processes so that a disabled student can access without disadvantage the higher educational opportunities of UCEM, as an online institution, without compromising the expected academic standards. There is no duty on UCEM to make adjustments to genuine academic competence standards.
- 1.4 UCEM is subject to the Equality Act 2010 (the “Act”). The Equality Act 2010 requires that UCEM pays due regard to the need to: “advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it”.
- 1.5 The Act confirms that a person has a disability if:
 - a) they have a physical or mental impairment; and,
 - b) the impairment has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities.
- 1.6 According to the Act, the effect of an impairment is a long-term effect if:
 - a) it has lasted at least 12 months;
 - b) the period for which it lasts is likely to be at least 12 months; or
 - c) it is likely to last for the rest of the life of the person affected.
- 1.7 The Act (section 20) confirms the following requirements for reasonable adjustments:
 - (i) where a provision, criterion or practice (of an institution) puts a disabled person at a substantial disadvantage in relation to a relevant matter in comparison with persons who are not disabled, to take such steps as it is reasonable to have to take to avoid the disadvantage.
 - (ii) where a physical feature puts a disabled person at a substantial disadvantage in relation to a relevant matter in comparison with persons who are not disabled, to take such steps as it is reasonable to have to take to avoid the disadvantage.
 - (iii) where a disabled person would, but for the provision of an auxiliary aid, be put at a substantial disadvantage in relation to a relevant matter in comparison with persons who are not disabled, to take such steps as it is reasonable to have to take to provide the auxiliary aid.

UCEM Code of Practice

Neurodiversity, Disability, and Wellbeing

- 1.8 Neurodiversity refers to the different ways the brain can work and interpret information. It highlights that people naturally think about things differently. UCEM recognises autism spectrum disorders, ADHD, and specific learning difficulties as examples of neurodiversity
- 1.9 UCEM is also committed to operating within the precepts set out in [Quality Assurance Agency \(QAA\) Quality Code \(opens new window\)](#) for the assurance of academic quality and standards in higher education which relates to its treatment of disabled students.
- 1.9 Equality of opportunity involves enabling access for people who have differing individual requirements as well as eliminating arbitrary and unnecessary barriers to learning. In addition, disabled students and non-disabled students are offered learning opportunities that are equally accessible to them, by means of inclusive design wherever possible and by means of reasonable individual adjustments wherever necessary.
- 1.10 The Data Protection Act 2018 and General Data Protection Regulation (GDPR) define information about a person's physical or mental health to be sensitive personal data (or "special categories of personal data" under GDPR). The information must be treated even more carefully in terms of whether, and why, it needs to be collected and who can have access to it. This data is requested for specific purposes and will not be used for any other purpose. Nor will sensitive personal data be released to a third party without the student's consent, unless it is necessary to protect the vital interests of the student or another person. Students' sensitive personal data will only be kept for as long as it has a purpose. UCEM's [Data Protection Policy and Privacy Policy \(opens new window\)](#) set out how this information is collected and how it can be used.

2. Responsibility

UCEM

- 2.1 The Disability and Wellbeing Team has primary responsibility for working with individual students with disabilities and neurodiversity in advising on their support needs and recommending an appropriate course of action.
- 2.2 If a student does not have a diagnosed disability or neurodiversity the Disability and Wellbeing Team will work with them to answer any queries, signpost to external services, or provide support with accessing an assessment or diagnosis.
- 2.3 The Disability and Wellbeing Team must respect the dignity and confidentiality of a student disclosing a disability or neurodiversity. Information will not be disclosed further without the student's prior written consent and if this consent is given, any further disclosure will be on a need to know basis. Confidentiality must be broken in cases where failure to do so might put at risk the health and safety of the student or others, in keeping with the [UCEM Safeguarding Procedure \(opens new document\)](#).

UCEM Code of Practice

Neurodiversity, Disability, and Wellbeing

- 2.4 Should a student disclose to a member of staff at UCEM or should a member of staff become aware of a student with a disability or neurodiversity, information must be passed to the Disability and Wellbeing Team as soon as possible. Students should be aware that when applying for mitigating circumstances a member of the Disability and Wellbeing Team will be notified of any cases regarding neurodiversity, disability, and wellbeing.
- 2.5 UCEM takes a holistic approach to disability support. As such disability information will be shared on a need-to-know basis to ensure appropriate support can be provided across departments and so student facing teams can be mindful of individual's needs. If there are genuine safeguarding concerns information may be shared with external partners in keeping with the UCEM safeguarding procedure. The Disability and Wellbeing Team uses a Case Management system to ensure that information regarding a student's disability is kept confidential.
- 2.6 Where additional support funding is being claimed through The Education and Skills Funding Agency (ESFA), UCEM monitors the students' needs and their use of the support provided.
- 2.7 Where information needs to be shared for the provision of student support the Disability and Wellbeing Team use UCEM's data management systems to share relevant information with appropriate staff, in accordance with the student's additional support plan.
- 2.8 UCEM is committed to supporting student wellbeing and recognises that a positive approach to managing physical and mental health is crucial to a student's learning and overall academic achievement. UCEM also recognises there are sometimes circumstances where it is in the best interest of the student for them to stop studying, either temporarily or permanently. In such circumstances UCEM may initiate the [Fitness to Study Procedure \(opens new window\)](#).
- 2.9 UCEM as an institution accepts overall responsibility for implementation of this Code; however individual students are required to abide by the principles set out below.

STUDENT

- 2.10 Students are encouraged to disclose their disability, neurodiversity, or any other need for additional support at the application stage. In addition, the Disability and Wellbeing Team will make students aware of the service at appropriate times during the semester, so that support can be discussed. It should be noted that where a student chooses not to disclose a disability it is more difficult for UCEM to comply with its legal obligations under the Equality Act.
- 2.11 Students need to comply with UCEM procedures for determining and implementing their support and adjustments. Reasonable adjustments cannot be delivered unless a disability or neurodiversity is disclosed, appropriate evidence provided, and consent given for dissemination of necessary information to a limited number of individuals on a 'need to know basis'.
- 2.12 If a student does not have a diagnosis but is concerned their studies may be being adversely affected by a suspected disability, neurodiversity or health condition they are encouraged to contact the Disability and Wellbeing Team as soon as possible for advice and guidance.

UCEM Code of Practice

Neurodiversity, Disability, and Wellbeing

- 2.13 If the needs of a student change after they have signed an additional support plan, they are encouraged to notify the Disability and Wellbeing Team as soon as possible. If the student, no longer feels they require an additional support plan they must confirm this by signing a Cancelled ASP Disclaimer form, this must be requested in writing from the Disability and Wellbeing Team through Student Central.
- 2.14 For information on what is considered as appropriate diagnostic evidence please refer to the [Neurodiversity, Disability and Wellbeing procedure document](#). Any further queries should be emailed to disabilitysupport@ucem.ac.uk.
- 2.15 Students are also encouraged to refer to the [Student Charter](#), specifically to those points referring to their responsibilities as a student.

3. Accessibility

- 3.1 As an online provider of education UCEM does not have a physical campus. If external premises are used for events, such as workshop or graduation ceremonies, the Disability and Wellbeing Team will work with students to ensure that they are able to access these sites or make alternative arrangements.
- 3.2 UCEM is committed to making its website and materials accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018. More information can be found on individual sites accessibility statements.

4. Admissions

- 4.1 UCEM does not discriminate on the grounds of disability. Information about the requirements of individual courses is available in the prospectus and through the website. Students should refer to the [Code of Practice: Admissions and Recognition of Prior Learning Chapter \(opens new window\)](#).
- 4.2 The Disability and Wellbeing Team offers advice and guidance to any person with a disability, neurodiversity or health condition as well as anyone with queries regarding disability and wellbeing support who is considering studying with UCEM.

5. Reasonable Adjustments

- 5.1 A reasonable adjustment is a reasonable variation or alteration made to university processes so that a student with a disability, neurodiversity, or wellbeing issue can access the educational opportunities of the institution without compromising the expected academic or professional standards. There is no duty on UCEM to make adjustments to genuine competency standards.
- 5.2 UCEM has a duty to make anticipatory reasonable adjustments through an inclusive and accessible learning and teaching environment.

UCEM Code of Practice

Neurodiversity, Disability, and Wellbeing

- 5.3 When a disability, neurodiversity, or wellbeing issue is declared at the admissions stage, or at any time during their study with UCEM, the student will be contacted by the Disability and Wellbeing Team and offered support in identifying needs and drawing up an Additional Support Plan, if appropriate. Where the student has declared a disability, neurodiversity, or wellbeing issue on their application form, they will be contacted within 10 working days of them receiving their offer letter.
- 5.4 For students with disabilities as defined by the Equality Act 2010, adjustments are only made from the point at which a signed Additional Support Plan is returned
- 5.5 At this stage the Disability and Wellbeing Team will provide the relevant Academic staff with access to the information within the students Additional Support Plan.
- 5.6 A new Additional Support Plan must be put in place for any new programme of study undertaken by the student.
- 5.7 Reasonable adjustments, including consideration of alternative form of assessment, will be determined on a case by case basis. The support offered will vary according to the student's individual needs.
- 5.8 Reasonable adjustments are made on the basis of identifiable evidence verified by the Disability and Wellbeing Team. It should be noted that reasonable adjustments a student may have had at a previous educational institution prior to their starting a programme of study at UCEM will not necessarily be adopted.
- 5.9 Once all reasonable adjustments have been arranged, normal academic, general, and assessment regulations will apply.
- 5.10 Although short term health conditions are not specifically referred to in the Equality Act 2010, UCEM will take an empathetic approach to significant and properly verified short term conditions. This Code of Practice defines a "short term condition" as any condition not covered by the definition of a disability as defined by the Equality Act 2010. If reasonable adjustments cannot be made for a short-term condition, the student should submit mitigating circumstances.
- 5.11 The UCEM Mitigating Circumstances procedure be used in cases where it has not been possible to make reasonable adjustments, or the reasonable adjustments implemented were not sufficient. [The Mitigating Circumstances Procedure \(opens new window\)](#) should be consulted in addition to this Code of Practice.

6. Staff Development

- 6.1 UCEM ensures that all staff involved with disability, neurodiversity and wellbeing provision are informed and clear about their roles and responsibilities.
- 6.2 All UCEM student support staff receive an induction with the Disability and Wellbeing Team, so that they are fully aware of the support that is offered and are able to refer students to the Team, when required. Advice from the Disability and Wellbeing Team is available to all UCEM staff throughout the year.
- 6.3 All academic staff receive ongoing training, advice and briefing throughout the year
- 6.4 The Disability and Wellbeing Team is committed to CPD and ensure that they remain informed about current internal and external policy, procedures and guidelines.

7. Monitoring, Review and Student Feedback

- 7.1 The Disability and Wellbeing Team monitors and tracks supported students during each semester. It also provides an outcomes-based report for each academic programme.
- 7.2 Student feedback on the service is collated annually and forms part of the Disability and Wellbeing Service annual report which is reviewed by the Quality Standards Enhancement Committee.
- 7.3 Students in turn are informed of developments and improvements to the service which are made as a result of their feedback.
- 7.4 The Code of Practice is reviewed four yearly by the Quality Standards Enhancement Committee.

1. Introduction

UCEM recognises that programme monitoring, evaluation and planning is key to meeting the expectations for standards and quality as set out by the UK Quality Assurance Agency for Higher Education (QAA) in the Quality Code and in meeting the [Office for Students on-going conditions of registration](#) on quality, reliable standards and positive outcomes for all students.

This Code of Practice sets out UCEM's policy on monitoring, evaluation and planning programmes. The below diagram sets out a high-level diagram of UCEM's cyclical approach to monitoring, evaluation and programme planning.

Programme Planning, Monitoring and Evaluation

This Code of Practice chapter sits alongside the [Code of Practice chapter on Programme Development and Validation](#) (opens in new window) and is also supported by the detailed procedural documents on [Programme Monitoring and Review](#) (opens in new window) and [Programme Amendment and Discontinuation](#) (opens in new window).

2. Programme planning

UCEM undertakes programme planning linked into the processes of monitoring and evaluation to ensure that its programmes remain fit for purpose. Programme planning encompasses programme validation and apprenticeship programme approval, programme and module amendment and programme or award discontinuation. The principles of programme validation and apprenticeship approval are, however, not covered in this chapter as they are set out in the [Code of Practice chapter on Programme Development and Validation](#) (opens in new window). This section sets out UCEM's policy on programme and module amendment and programme discontinuation, the detailed procedures for which are set out in the [Programme Amendment and Discontinuation Procedure](#) (opens in new window).

2.1 Programme and module amendment

As part of Programme Review it may have been identified that it is necessary to make changes to a programme or to the module within the programme. UCEM operates a window each year where changes can be requested; changes outside of this window will only be approved if they are clearly in the best interests of students and following consultation with students and applicants.

Requests for changes are divided into three categories – editorial, minor and major and then processed accordingly with the correct level of approval.

Editorial changes include:

- amendments to definitive programme documentation and/or module descriptor(s) to address typographical errors, clarify wording or amend module codes;
- amendments to a programme specification to incorporate items approved under sections minor or major amendments (below);
- alterations to module descriptors to update topics, staff details or other module resources;
- other similar amendments as agreed with AQU.

Minor amendments include:

- the addition and/or deletion of individual validated option modules within a programme that do not affect mapping against programme learning outcomes, as so long as this does not affect any PSRB accreditation;
- the addition of changes to the learning outcomes of a module that do not affect mapping against programme learning outcomes;
- changes to the assessment methods or weightings for a module;
- changes to the title of a module;
- other similar amendments as agreed with AQU.

AQU is responsible for monitoring the cumulative impact of all changes to a programme and where a series of minor changes exceeds 25% of the total programme credit it will be treated as a major amendment and may trigger a revalidation of the programme (see below*).

Programme Planning, Monitoring and Evaluation

Major amendments include:

- a change to the title of a programme;
- the addition of a new pathway within an existing programme;
- changes to the means of delivery affecting either all students or a proportion of them (for example, those within a particular geographical area);
- the deletion of a core module within a programme that may affect mapping against programme learning outcomes and/or any PSRB accreditation;
- the addition of one or more previously un-validated option modules;
- the deletion of a group of option modules at one time that do not affect mapping against programme learning outcomes, and as long as this does not affect accreditation or pathways accreditation unless this accreditation is no longer available;
- other similar amendments as agreed with AQU.

*AQU will monitor the cumulative impact of all changes to a programme. In the event of a series of minor and major changes collectively affecting more than approximately 25% of the total programme credits, any further proposal for amendment may require the programme to be reviewed and revalidated following discussion with the Vice Principal Education.

All proposed changes must be considered in relation to:

- the impact on students and applicants including those with specific protected characteristics defined under the Equality Act 2010;
- compliance with Competition and Markets Authority Consumer Law;
- timelines for implementation and the impact the changes will have on other UCEM programmes and modules;
- [UCEM Terms and Conditions of Contract](#) (opens in new window); and
- [UCEM Student Protection Plan](#) (opens in new window).

Changes to programmes must not be advertised or implemented until the programme amendment process is successfully completed.

2.2 Discontinuation of a module, programme / apprenticeship or award

Programmes / apprenticeship, awards and modules may be either temporarily suspended for a defined period of time or permanently discontinued.

Discontinuation of a programme / apprenticeship normally starts with a decision to suspend recruitment therefore allowing students already enrolled on the programme to complete within the normal timeframe or transfer to another programme.

Any decision to discontinue a programme / apprenticeship will ensure that student interests are considered, and that appropriate student consultation is undertaken. Consideration will be given to whether the plans for closure will disproportionately impact students with protected characteristics. The programme run-out will be undertaken in line with [UCEM's Student Protection Plan](#) (opens in new window) to ensure that individual students are not disadvantaged.

Programme Planning, Monitoring and Evaluation

The UCEM Student Protection Plan states that in the event of a programme closing a student support plan will be put in place which details how student interests will be protected in line with the institutional student protection, what risks are associated with closing the programme and how the risks will be mitigated, the student and stakeholder communication strategy and any changes to programme management and delivery arrangements during the runout. Oversight of the implementation of the student support plan rests with UCEM's Quality Standards and Enhancement Committee.

Authority to either to temporary suspend recruitment or to permanently discontinue a programme rests with either the Academic Board, for academic grounds, or the Principal, who has authority to discontinue a programme on grounds of financial viability or resource availability, following consultation with the UCEM Executive. The decision to discontinue a programme on financial grounds must be reported to the Academic Board. Decision to close or suspend a programme must be undertaken in a timely manner with consideration to whether offers have been made and accepted by applicants. Decisions taken late will impact on applicants ability to find suitable alternative programmes and the applicant may be eligible to claim financial compensation.

Where several programmes are closing this should be reported to the Deputy Principal so that consideration can be given as to whether this is a reportable event under Regulatory advice 16: Reportable events and the Office for Students must be notified.

Authority to discontinue a module rests with the Vice Principal Education and should be reported to the Learning, Teaching and Enhancement Committee, Quality Standards and Enhancement Committee and Academic Board.

3. Monitoring

All UCEM modules and programmes are subject to monitoring. By monitoring UCEM uses the QAA definition of monitoring which is 'the routine collection and analysis of information that focuses on an area of work, project or programme/course, undertaken while the area of work, project or programme/course is ongoing' (p.1)¹. Through monitoring UCEM confirms that the standards of UCEM modules and programmes are maintained, that their quality is assured, and that opportunities for enhancement are identified and implemented.

Monitoring is evidence based using both qualitative and quantitative data to both identify areas for enhancement as well areas of good practice. This evidence includes student, External Examiner, staff, employer, industry and Professional Statutory Regulatory Body feedback; recruitment, retention and success data; programme KPI data; and recommendations from external review and (re)validation. When using data and other evidence UCEM ensures that it takes account of ethics and data protection requirements and ensures anonymity when using student data and information.

UCEM undertakes monitoring as an ongoing activity throughout the academic cycle at module level through in-delivery monitoring of modules, module KPIs and at programme level via Programme Committee meetings and Programme Quality Enhancement Plans.

UCEM sets out clear roles and responsibilities of which members of staff are involved at which stage. Staff involved in monitoring are briefed on their role and provided with opportunities to attend training and development. UCEM also involves key stakeholders such as students in monitoring activities.

The process of monitoring is recorded clearly and is reported into UCEM's deliberative committees, which maintain oversight that monitoring is undertaken effectively and also periodically review monitoring processes to ensure that they remain effective. Monitoring also feeds into the programme evaluation and planning activities (detailed in section 4 below).

4. Evaluation

All UCEM modules and programmes are subject to evaluation in line with the QAA definition of evaluation as ‘the periodic, retrospective assessment of an organisation, an area of work, project or course, that might be conducted internally or by external independent evaluators. Evaluation uses information from monitoring, current and historic, to develop an understanding and inform planning.’ (p.1)²

Evaluation is undertaken at module level through Module Evaluation following the delivery of each module to support the identification of appropriate enhancements to ensure that the module meets performance metrics at the next delivery. Programmes are reviewed on an annual basis at the end of the spring semester. Programmes and modules are also reviewed on a cyclical cycle through Periodic Review and Re-validation.

4.1 Module and evaluation

Module evaluation reflects on:

- Academic performance on the module and performance against institutional module KPIs;
- Student feedback;
- Design, content and organisation of resources;
- Tutor resourcing and performance;
- Effectiveness of module enhancements since the last delivery
- Further commentary and recommended enhancements.

The report following module evaluation feeds into the Boards of Examiners and Programme Review. Part of the report includes a review of module resources and identification of any changes required.

4.2 Programme review

Within the UCEM context the purpose of programme review is to:

- Ensure that the programme remains relevant (including in terms of institutional mission) and valid and continues to meet the needs of students and employers;
- Consider the continuing effectiveness of the learning and teaching provision, the assessment regime and student engagement and support mechanisms;
- Consider the appropriateness of the structure and design of the programme in supporting student retention, achievement and progression;
- Monitor trends in student performance, retention and progression over time;
- Reflect upon, and respond to, the views of External Examiners and other external stakeholders;

Programme Planning, Monitoring and Evaluation

- Identify opportunities and make recommendations for enhancement within individual modules and at programme level, e.g. in respect of curriculum, syllabi, teaching methods, learning materials or module / programme management and administration; and
- Share good practice within and across programmes.

The Programme Review process culminates in the production of a Programme Review Scorecard which should be evaluative and reflective rather than descriptive. It should be informed by metrics and enable Programme Leaders to act on areas of concern whilst at the same time encouraging innovation and enhancement.

The process uses both qualitative and quantitative data to evaluate how the programmes are operating. Sources of data and evidence will include:

- Data on applications, offers and enrolments.
- Module success rates for the modules on the programme.
- Programme continuation and completion rates.
- Programme attainment (degree classifications).
- Programme progression rates.
- Student feedback;
- External Examiner reports and feedback;

The Programme Report Scorecard is reviewed by the Programme Committee which reviews and approves the Annual Programme Review Scorecards ensuring that they have been completed appropriately, with sufficient reflection on areas that are below institutional metrics to lead to enhancement. The meeting also considers themes noted across the reports and whether any actions need to be raised to the institutional enhancement plan. The Programme Committee reports into the Quality Standards and Enhancement Committee.

4.3 Periodic Review and Re-validation

Periodic review refers to the process used to scrutinise existing programmes before a decision is made to revalidate a programme for continuing delivery. Periodic review has a wider remit than programme monitoring as it takes a retrospective view of the programme looking at previous trends but also includes a forward-looking rationale for change and development. Part of the process is to scrutinise the programme to ensure its continuing validity and relevance. The review will consider:

- The quality of the student learning experience including consideration of teaching and learning strategies, learning resources, student support and student feedback.
- Student outcomes and academic standards including review of student retention and success, reference to subject benchmark statements and qualification frameworks, PSRB requirements and External Examiner reports.
- Continuing currency of the programme and fit with institutional strategy.
- Areas of good practice and plans for future development.
- Areas for enhancement.

Programme Planning, Monitoring and Evaluation

The exercise must be evidence based by looking at the previous monitoring and evaluation processes (including feedback from External Examiners, students and employers) to review the quality and standards of the programme and its current fit with employer and sector needs. The review must also ensure that the programme is enhanced in line with institutional requirements and external reference points.

All UCEM programmes are subject to major periodic review before revalidation after being delivered for a period of time as specified at validation. The normal period of validation for UCEM programmes is for a period of five years. Earlier review however can be triggered as a consequence of cumulative programme amendment, by deliberative committees following feedback from External Examiners and PSRBs or Annual Programme Review or on authority of the Principal.

Academic Board retains ultimate authority for the re-approval of all programmes and modules leading to UCEM award or credit. It however delegates the detailed scrutiny and approval of new programmes and modules to a re-validation panel. The periodic review and re-validation panel will decide whether a programme should be re-validated and if it should be subject to conditions and recommendations. Re-validation panels are convened especially for each event with the size and composition of the panel reflecting the scale and complexity of the event. The approval of the composition of re-validation panels rests with the Director of Academic Quality.

Academic Board also fully delegates the detailed scrutiny and re-approval of apprenticeship programmes to an apprenticeship approval event.

Where a programme has a condition attached, Academic Board delegates authority to the Quality Standards and Enhancement Committee to monitor and approve the resolution of any such conditions.

Following the detailed scrutiny of the periodic review and re-validation documentation and the subsequent discussion with UCEM staff and students, the panel will come to one of the following conclusions:

- i. Approve the proposals without conditions or recommendations;**
- ii. Approve the proposals either with conditions and/or recommendations;**
- iii. Not to approve the proposals in their present form, with reasons.**

The panel should specify the period of validation of the programme, which is normally for a further five years.

Conditions should only be imposed to rectify significant deficiencies in the programme. More minor issues can be dealt with by recommendations. The panel should also identify any areas of good practice as commendations.

Where conditions are set these must be satisfied before the programme is considered re-validated.

The outcome of all periodic review will culminate in a report and action plan which will be reported to Quality Standards and Enhancement Committee (QSEC) and Academic Board. QSEC will monitor progress with the completion of the action plan.

5. Monitoring of procedures

Reports will be provided to QSEC on the outcomes of Programme Review by the Annual Programme Review Report Panel and by the Academic Quality Unit (AQU) following periodic review and re-validation events. An overview and commentary on the effectiveness of procedures followed will also be provided in the annual Academic Quality and Standards Report.

Training will be arranged by AQU for members of staff that are involved in programme planning, monitoring and evaluation to ensure that they can effectively discharge their responsibilities.

UCEM Code of Practice
Student Academic and Behavioural Conduct

1. Introduction

This chapter sets out the broad principles that guide UCEM's approach to managing academic and behavioural conduct.

UCEM aims to promote and develop consistently high standards of academic conduct and behaviour for its students, to prepare them for their professional and personal life, both during and after the completion of their programme.

UCEM anticipates that most of its students will understand and appreciate the importance of adopting and demonstrating good academic practice and professional standards at all times during their studies. However, UCEM also accepts that at times some students may intentionally or unintentionally not adopt and demonstrate the required academic and professional standards of conduct.

This Code of Practice is separate from the [UCEM Fitness to Study Procedure \(opens new window\)](#) which outlines the procedure that will be followed if there are concerns regarding a student's fitness to study i.e. their ability to engage effectively and safely with their studies as a student of UCEM in accordance with the expectations set out in the [Student Charter \(opens new window\)](#), without unreasonably affecting their wellbeing.

1.1 Scope

This Code of Practice and the accompanying procedures apply to all UCEM students. UCEM makes the distinction between academic matters (for example, allegations of plagiarism) and non-academic or behavioural matters (for example, misconduct involving disruptive behaviour) and there are separate processes which are followed. This Code of Practice covers both student academic conduct and behavioural conduct. More extensive guidance on these two areas is available in the accompanying procedures, which should be read alongside this document:

- [UCEM Academic Misconduct Procedure \(opens new window\)](#)
- [UCEM Student Disciplinary Procedure \(opens new window\)](#).

This document does not cover conduct by staff towards students. Students must make any complaint about staff conduct through the [Student Complaints Procedure \(opens new window\)](#). Similarly, students wishing to complain about the conduct of other students must use the Student Complaints Procedure.

2. Student academic integrity

Good academic practice and academic integrity are central to the values promoted by UCEM. Accordingly, UCEM distinguishes between good academic practice, poor academic practice, and academic misconduct. Details of the definition of these terms, with examples, are given in the [UCEM Guide to Academic Integrity \(opens a new window\)](#). The Guide sets out UCEM's intention to educate and support members of the academic community in achieving and maintaining expected standards of academic good practice and integrity. The remainder of this Code of Practice section outlines UCEM's approach when expected standards are not met and academic misconduct occurs.

UCEM Code of Practice

Student Academic and Behavioural Conduct

2.1 Definition of academic misconduct

Academic misconduct occurs when a member of the academic community acts without sufficient academic integrity and attempts to gain academic credit unfairly.

Acts of academic misconduct have the potential to diminish the quality or academic standing of a UCEM award through the award of unearned academic credit, or by bringing about reputational damage to UCEM. It is important that all UCEM students are assessed on their own ability and that no student is allowed to gain an unfair advantage over others, or to diminish the quality or academic standing of a UCEM award.

2.2 Types of academic misconduct

Academic misconduct includes, but is not limited to, the following:

Plagiarism

Self-plagiarism (or double submission)

Collusion

Contracting another to write a piece of assessed work or writing a piece of assessed work for another student

Falsification of data or making false declarations

Bribery or attempting to influence UCEM staff

Ethical breaches

Please see the [UCEM Guide to Academic Integrity \(opens new window\)](#) for definitions of the above terms.

2.3 New students

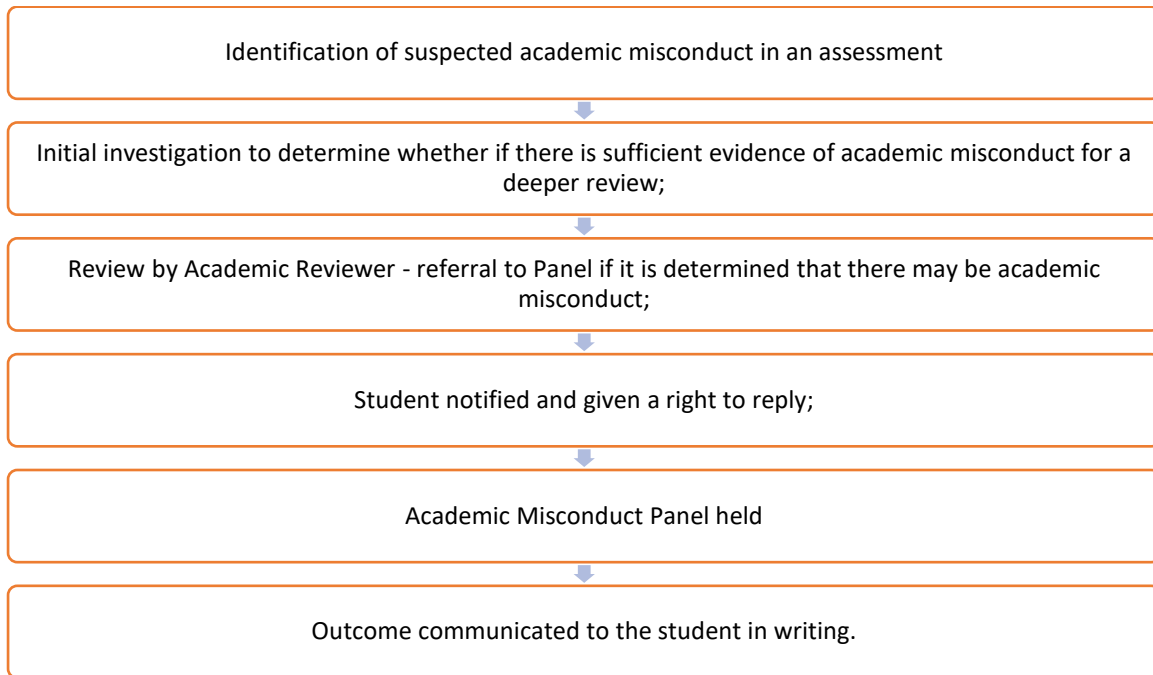

UCEM is particularly mindful that students who are new to higher education, especially at level 4, need to learn to write in an academic style required for higher education level study. Therefore, student's previous experience in Higher Education level study in the UK will be one of the elements assessed when considering whether a case should be investigated under the Academic Misconduct Procedure.

2.4 Procedure

Cases of academic misconduct will be investigated in line with the [UCEM Academic Misconduct Procedure \(opens new window\)](#). A brief summary is provided in the diagram below:

UCEM Code of Practice

Student Academic and Behavioural Conduct

Where either the initial investigation or the academic reviewer decides that there is no case to answer, the student may be referred for support to improve academic good practice, but no further action will be taken. Where concerns that academic misconduct has occurred are significant enough to require further action, a review panel meeting will be arranged. Students are entitled to attend this meeting to present their case and can also be accompanied.

Where a review panel meeting is arranged, students will be given a right to reply. This is an opportunity for the student to provide any relevant information they feel the panel should know about. This may include (for example) an explanation of how they approached and created their assessment. A student's response to the right to reply will be fully considered, whether the student is in attendance or not. The panel will review the evidence and will consider the intent, severity, and level of study of the case, and any mitigating factors provided by the student. In proven cases, the review of evidence, alongside information about any previously proven academic misconduct, will determine which penalty is applied. Proven cases of academic misconduct will be recorded on the student record and reported to the Board of Examiners.

2.5 Potential Penalties for Academic Misconduct

UCEM aims to ensure fairness and consistency in the application of penalties for cases of confirmed academic misconduct. If a case has been proven, the Academic Misconduct Panel will apply penalties according to the penalty matrix outlined within the [UCEM Academic Misconduct Procedure \(opens new window\)](#). The sanctions range from an advisory letter and / or referral for support for cases of poor academic practice to removal from the programme for the most serious and persistent cases of academic misconduct.

3. Student behavioural misconduct

UCEM communicates its conduct expectations of students through its [Academic and Programme Regulations \(opens new window\)](#); [Terms and Conditions of Contract \(opens new window\)](#) and [Student Charter \(opens new window\)](#). Non-compliance with these expectations will be considered on the grounds of either:

- Minor misconduct;
- Major misconduct.

Wherever appropriate, UCEM will attempt to resolve these issues without resorting to formal disciplinary processes. Where possible, UCEM staff will attempt to deal with unacceptable conduct issues through informal processes. Where this is not possible, UCEM staff will deal with the matter in accordance with this policy and the related [Student Disciplinary Procedure \(opens new window\)](#).

3.1 Minor misconduct

Where there is failure to observe UCEM conduct expectations, but the nature of the misconduct is not of a sufficiently serious nature or is not a recurring issue, it shall be treated and dealt typically as 'minor misconduct'. Examples of behaviour which would be considered as minor misconduct would include swearing or use of offensive/derogatory language (of any kind, including on the grounds of race, sexuality, gender or gender identity) or conduct that disrupts or improperly interferes with the teaching, learning, research, administrative or other activities of UCEM.

In addition, for students studying an apprenticeship programme minor misconduct would include unauthorised absence or persistent lateness and insufficient monthly recording and submission of Off the Job Diary and insufficient monthly VLE activity.

Please see the [Student Disciplinary Procedure \(opens new window\)](#) for a more extensive list of what constitutes minor misconduct.

3.2 Major misconduct

Where failure to observe UCEM conduct expectations is deemed of a sufficiently serious nature, it shall be treated as major misconduct. Examples of behaviour which would be considered as major misconduct include physical, sexual, or racial assault or violent, indecent, or abusive behaviour or bullying or harassment.

Please see the [Student Disciplinary Procedure \(opens new window\)](#) for a more extensive list of what constitutes major misconduct.

Where offences are criminal, UCEM will report these to the relevant authorities. Action taken under the Student Disciplinary Procedure may be deferred until the police action, criminal proceedings and/or civil proceedings against the student have been concluded. The student will be notified.

3.3 Liaison with employers and parents

Where there is alleged misconduct by an apprenticeship student the student's employer shall be informed. In addition, where the apprenticeship student is aged under 19, or where the student is a 19-24-year-old care leaver, the student's parent/guardian shall be informed.

UCEM Code of Practice
Student Academic and Behavioural Conduct

3.4 Procedure

Please see the accompanying [Student Disciplinary Procedure \(opens new window\)](#) for full details of how suspected disciplinary offences will be investigated. A brief summary is provided below:

Minor Behavioural Misconduct

- Identification of suspected minor behavioural misconduct and verbal warning;
- Investigation if behavioural misconduct continues;
- Notice to student of the investigation;
- Minor behavioural misconduct meeting between the student and investigator;
- Outcome of investigation communicated to the student in writing.

Major Behavioural Misconduct

- Identification of suspected major behavioural misconduct or persistent minor behavioural misconduct;
- Evidence gathering;
- Student notified and given a right to reply;
- Student Disciplinary Panel held;
- Outcome communicated to the student in writing.

3.5 Potential penalties for behavioural misconduct

One or more of the following penalties may be issued as a result of proven behavioural misconduct:

- a written caution;
- a requirement to provide written confirmation agreeing to amend future behaviour;
- a requirement to write a letter of apology to a named party or parties;
- a fine not exceeding £250 to compensate a party or parties who have suffered a financially quantifiable loss as a result of the misconduct;
- a requirement to attend a particular course or training session (which may be at the students' own cost, but will not exceed £150);
- changing of tutor groups;
- prevention from using a particular service to which the misconduct relates for a specified period of time (including permanently);
- a final written warning stating that failure to comply with conditions set and/or any further breaches of UCEM student conduct expectations could result in temporary exclusion or the termination of study;
- recommend temporary exclusion from UCEM in line with the [UCEM Academic and Programme Regulations \(opens a new window\)](#);
- recommend termination of a student's study on their programme in line with the [UCEM Academic and Programme Regulations \(opens a new window\)](#), including recommendation regarding whether the student should or should not be

UCEM Code of Practice

Student Academic and Behavioural Conduct

prevented from being considered for an intermediate exit award (provided they have achieved the required number of credits).

The student may be temporary excluded from UCEM or have their studies terminated, on the authority of the Principal, or on the authority delegated to the Deputy Principal.

The following factors will be taken into account when determining the penalty:

- severity;
- intent;
- persistence;
- any mitigating factors presented;
- admission of wrongdoing and/or remorse.

4. Right of appeal

Any decision to impose a penalty as a result of an academic or disciplinary offence is subject to the student's right of appeal under the [UCEM Code of Practice chapter on Complaints and Appeals \(opens a new window\)](#). Students wishing to appeal may submit an appeal as outlined in the [UCEM Student Appeals Procedure \(opens a new window\)](#).

UCEM Code of Practice

Student Appeals and Complaints

1. Introduction

This Code of Practice chapter and the accompanying documents (see appendices) apply to all UCEM programmes, including those delivered in collaboration with partners. They have been developed with reference to the *Office of the Independent Adjudicator for Higher Education (OIA) Good Practice Framework for handling complaints and appeals* and *QAA UK Quality Code, Advice and Guidance: Concerns, Complaints and Appeals*. UCEM has separate procedures for dealing with Student Complaints and Student Appeals and these are available via the Virtual Learning Environment (VLE) and UCEM website (see also the appendices to this document). UCEM's Quality Standards and Enhancement Committee retains ultimate responsibility for approving the operational framework for Student Appeals and Student Complaints procedure and for instigating a rolling programme of review.

UCEM aims to treat all complaints and appeals appropriately, fairly and with regard to applicable law, and in line with [UCEM's Code of Practice chapter on Equality and Diversity \(opens new window\)](#) and on [Neurodiversity, Disability and Wellbeing \(opens new window\)](#). Both the UCEM Student Appeals and Student Complaints procedures give due consideration to the needs of UCEM students to raise issues of concern with the assurance that such issues will be treated in confidence and with impartiality. UCEM has designated contacts for students that want to seek advice and support when making a complaint or an appeal. UCEM has an obligation to ensure that students submitting a complaint, or an appeal are placed on an equal footing procedurally; this may involve facilitating a student in making a complaint or an appeal. There is the opportunity within both the complaints and appeals processes for the student to present their case.

UCEM however reserves the right to exclude or remove a student from a programme if they make repeated, unfounded, or vexatious appeals and/or complaints regarding the programme and/or its delivery where, in the opinion of UCEM, their conduct is considered to be mendacious or frivolous. Making repeated and/or unfounded false, malicious and vexatious appeals and/or complaints may be considered misconduct and result in the application of the [Disciplinary Policy and Procedure \(opens new window\)](#).

Both the Appeals and Complaints process are stand-alone processes. Any student raising an appeal/complaint should continue to engage with their studies, including any resubmissions on the premise that the original decision stands until an outcome is provided. Former students may complain or appeal, according to the timelines set out in this Code of Practice chapter.

(see [Section 2.1: The appeal process](#) and [Section 3.1: The complaints process](#) and the process diagrams in [Appendix B: Overview of the UCEM appeals process](#) and [Appendix C: Overview of the UCEM complaints process](#)).

2. Appeals

UCEM defines an appeal as *'a request for a review of a decision taken by an individual or body (i.e. one of the UCEM committees) charged with determining applications for admission and making decisions about students' progression, assessment, and awards.*

Appeals are normally, but not exclusively, related to decisions of the Board of Examiners¹ (i.e. results), decisions of Mitigating Circumstances Panel, the Academic Misconduct Panel or the Fitness to Study Panel, Disciplinary decisions, decisions on the Provision of Reasonable

¹ A Board of Examiners is one of the following: Module/Unit Board, Progression and Awards Board, or a Resubmission Progression and Award Board

UCEM Code of Practice

Student Appeals and Complaints

Adjustments, or decisions on Admissions or Registration. Appeals cannot be made against academic judgment.

UCEM has a designated Appeals Officer to oversee the process and to offer support and guidance to students in making an appeal. Details of appeals, including outcome, will be reviewed on a quarterly basis by the UCEM Senior Leadership Team and Board of Trustees. An anonymised summary of appeals and how they have been managed will also be reported annually to UCEM's Quality Standards and Enhancement Committee.

2.1 The Appeal process

The UCEM appeals process is defined within the [Student Appeals Procedure \(opens new window\)](#) document. The UCEM appeals procedure consists of three stages as shown in [Appendix B: Overview of the UCEM appeals process](#).

Before making an appeal, it is recommended that students seek advice and guidance from a trusted source, such as the Lead Student Representative, Student Engagement, the Apprenticeship Team, or relevant module leader. The Appeals Officer will be pleased to provide impartial advice regarding the Student Appeals Procedure.

The Appeals procedure is evidence based. Supporting documentation should be provided within the appeal submission to support the grounds for appeal and any circumstances cited within the appeal.

All UCEM staff are encouraged to deal with issues raised by students in a timely and effective manner in line with UCEM's appeals process. Appeals should be raised in the first instance at **Stage 1 (Informal Appeal)** of the procedure with the exception of appeals against Disciplinary decisions and Fitness to Study Panel decisions which must start at Stage 2. Stage 1 appeals should be raised as soon as possible and normally no later than 10 working days after receiving the decision.

If no resolution is reached at stage 1, students have the right to raise their issue to **Stage 2 (Formal Appeal)**, using the 'Student Appeals Form', within 10 working days of the Stage 1 outcome.

If it is determined that the student has demonstrated valid grounds for appeal in their Student Appeal Form for Stage 2 (as outlined in the Student Appeals Procedure), their appeal will be reviewed by a member of the Senior Leadership Team. Stage 2 will normally be completed within 40 working days of receipt of the Stage 2 appeal.

After Stage 2, if the student is not satisfied with the response, they may request a **Stage 3 Review** within 10 working days of the Stage 2 outcome.

Stage 3 is undertaken by an external independent reviewer, normally an Independent Trustee from the Board of Trustees, who sits outside of UCEM's management structure. The purpose of the review is to ensure that the correct procedure has been followed by UCEM, and the outcome is reasonable. The review will not re-investigate the appeal unless new evidence has been presented.

At any stage, if an appeal is upheld, UCEM will undertake to offer the appropriate remedial action, depending on the nature of the appeal.

Any appeals submitted outside of an appeal window (10 working days after receiving a decision) will be rejected unless they are accompanied by acceptable evidence of mitigating or other circumstances which impacted the student's ability to submit the appeal within the required timescale. This could include issues related to mental health.

If you submit a late appeal and UCEM makes the decision not to allow the appeal to proceed, you will be provided a 'Completion of Procedures' letter detailing UCEM's final response to the appeal.

UCEM Code of Practice

Student Appeals and Complaints

If all internal procedures are exhausted and the student remains dissatisfied with the outcome of the appeal, then the case may be eligible for consideration by the [Office of the Independent Adjudicator \(OIA\) \(opens new window\)](#).

UCEM will not get involved in any appeals in relation to the apprenticeship end point assessment conducted by external bodies. All appeals should be sent directly to the relevant external end point assessment awarding body.

3. Student Complaints

UCEM defines a complaint as '*an expression of dissatisfaction by one or more students about UCEM's action or lack of action, or about the standard of service provided by, or on behalf of UCEM*'. If a complaint is considered to be an appeal as defined in section 2 above, then the appeals process will apply, and the student will be notified of this.

When handling complaints, UCEM is committed to resolving complaints in a timely manner in line with UCEM's complaints process and with due regard given to confidentiality and potential conflicts of interest.

UCEM has a designated Complaints Officer to oversee the process and to offer support and guidance to students in making a complaint. Details of complaints, including outcome, will be reviewed on a quarterly basis by the UCEM Senior Leadership Team and Board of Trustees. An anonymised summary of complaints and how they have been managed will also be reported annually to UCEM's Quality Standards and Enhancement Committee.

3.1 The Complaints process

The UCEM student complaints process is detailed within the [Student Complaints Procedure \(opens new window\)](#) document. A student should submit their own complaint. There is a separate process for complaints for employers of apprenticeship students (please see the [UCEM Complaints Policy and Procedure for Employers of Apprentices \(opens new window\)](#)).

Before making a complaint, it is recommended that students seek advice and guidance from a trusted source, such as the Lead Student Representative, Student Engagement, the Apprenticeship team, or relevant module leader. The Complaints Officer will be pleased to provide impartial advice regarding the Student Complaints Procedure.

All UCEM staff are encouraged to deal with issues raised by students in a timely and effective manner in line with UCEM's complaints process. Complaints should be raised as soon as possible and normally no later than 20 working days after the issue arises. Every effort will be made to resolve complaints at Stage 1 (informally) at source in the first instance. The department at the source of the complaint should respond to the Stage 1 complainant as soon as possible and within 20 working days of UCEM's receipt of the informal complaint.

As shown in [Appendix C: Overview of the UCEM complaints process](#), if the complainant is not satisfied with the outcome of Stage 1 they have the right to raise their issue to **Stage 2 (Formal Complaint)**. Students wishing to escalate should complete and send the 'Student Complaint Form' and any relevant documentation to the Complaints Officer within 20 working days of the Stage 1 outcome.

At **Stage 2** (formal complaint), the Complaints Officer will allocate the complaint to an Investigating Officer who is a member of the Senior Leadership Team who has had no previous involvement with the complaint. A written response will normally be issued to the student within 20 working days. If the student is dissatisfied by the outcome at Stage 2, the complaint can be referred to Stage 3, (review stage) within 20 working days of the Stage 2 outcome.

UCEM Code of Practice

Student Appeals and Complaints

Stage 3 is undertaken by an external independent reviewer, normally an Independent Trustee from the Board of Trustees, who sits outside of UCEM's management structure.

The purpose of the review is to ensure that the correct procedure has been followed by UCEM, and the outcome is reasonable. The review will not re-investigate the complaint unless new evidence has been presented.

At any stage, if a complaint is upheld, then UCEM undertakes to offer appropriate remedial action, depending on the nature of the complaint, and meet where appropriate, incidental expenses necessarily incurred by the complainant.

4. Final arbitration

4.1 Office of the Independent Adjudicator for Higher Education (OIA)

All students also have access to a final stage of recourse to escalate their appeal or complaint to the Office of the Independent Adjudicator for Higher Education (OIA). The OIA is the final arbitrator for complaints for students on Higher Education Programmes only (i.e. programmes at level 4 to 7, including apprenticeships). Any complaints referred to the OIA must be sent within 12 months of the student being issued with a completion of procedures letter.

4.2 Completion of Procedures

For both student complaints and appeals, a Completion of Procedures Letter will be issued, or offered, to the student complaining or appealing at the end of the internal procedures, when there are no matters outstanding, and the final decision has been reached by UCEM regarding the matter raised. This will confirm one of the following complaint/appeal outcomes:

- a) Justified;
- b) Partially justified;
- c) Not justified.
- d) Submitted out of time

The letter will contain the following information:

- Date of completion of internal procedures;
- Summary of the issues raised;
- Summary of the issues considered;
- Details of UCEM's final decision;
- What procedures/ regulations were applied;
- Details of final (external) arbitration, including the deadline for submission

Completion of Procedures Letters will be issued no more than 28 days after the completion of UCEM's internal procedures, or the request by the student, as appropriate.

Completion of Procedures Letters will not be issued while there are still outstanding matters under the same procedure, for example, where UCEM is awaiting reconsideration of results by an exam board following a successful appeal.

UCEM Code of Practice

Student Appeals and Complaints

4.3 Office for Students (OfS) Freedom of Speech Complaint Scheme

The Office for Students (OfS) operates a free speech complaints scheme. Under that scheme, the OfS can review complaints about free speech from members, students, staff, applicants for academic posts and (actual or invited) visiting speakers. Information about the complaints that the OfS can review is available on its [website](#).²

5. Additional information and support

The Complaints and Appeals Officer will provide advice and guidance throughout the processes.

Issues may be raised which fall into the category of both a complaint and an appeal. In such circumstances, UCEM will inform and advise the student complaining/appealing on which specific matters will be considered under which procedure. In such circumstances, UCEM may suspend the consideration of an appeal until the complaint procedure has been completed or vice versa. A formal complaint cannot be raised whilst a matter is in the process of being considered as an appeal. UCEM will keep all parties informed throughout the processes.

UCEM has a dedicated Disability and Welfare Team that can provide information, advice, and guidance to support disabled students to fully engage with UCEM processes. If students are experiencing any barriers to engaging in a process or are finding their mental health is being impacted, they can contact wellbeing@ucem.ac.uk for support.

Students can seek support from the Lead Student Representative throughout the complaints/appeals process.

UCEM Code of Practice

Safeguarding and Prevent

1. Introduction

This Code of Practice chapter provides high-level information on the requirements of UCEM's responsibility with regards to Safeguarding and the Prevent duty, and UCEM's approach to complying with these. The UCEM Code of Practice chapter on Safeguarding and Prevent is applicable to all staff (including volunteers and temporary staff), students (including apprentices) and trustees. More information on how to report concerns or access support can be found with UCEM's [Safeguarding Procedure](#) and [Prevent Procedure](#).

2. Principles of the policy

All UCEM students, regardless of age, have the right to be protected from abuse and to be safe during the activities that they (or their parents/guardians/carers) choose. In the context of UCEM, the institution has a duty to establish appropriate arrangements for the protection from abuse of children and young people under the age of 18, and of vulnerable groups.

The policy covers all instances where UCEM staff may have contact with children, young people and vulnerable adults.

All staff members working for UCEM are in a position of trust, and have a responsibility to ensure that students and other young people and children who they encounter in the course of their work are protected, in accordance with Safeguarding and Prevent legislation.

All suspicious and allegations of abuse, concerns for health, safety or welfare, or concerns about radicalisation will be taken seriously by UCEM, and will be responded to appropriately. Referrals to external agencies will be made when deemed necessary, in accordance with UCEM procedures.

3. Definitions

- **Safeguarding** - The actions which we take and measures we put in place, guided by statutory obligations, to promote the welfare of students and protect them from harm.
- **Prevent duty** - The responsibility under the Counter-Terrorism and Security Act 2015¹ that in the exercise of our functions as a specified authority, we must have "due regard to the need to prevent people from being drawn into terrorism". UCEM views its Prevent duty as an extension of its safeguarding obligations.
- **Child** - In accordance with the Children Act (1989), a child is defined as a young person under the age of 18. For the purpose of this document, a child may also be referred to as a 'young person'.
- **Vulnerable adult** - For the purpose of this process document, a vulnerable adult is someone who requires community care due to reasons of mental or other disabilities, age or illness, and who may be unable to take care of themselves, or protect themselves against significant harm or exploitation.

¹ Revised Prevent Duty Guidance for England and Wales – Guidance for specified authorities in England and Wales on the duty in the Counter-Terrorism and Security Act 2015 to have due regard to the need to prevent people from being drawn into terrorism (revised July 2015).

UCEM Code of Practice

Safeguarding and Prevent

- **Extremism** – the promotion or advancement of an ideology based on violence, hatred or intolerance, that aims to:
 1. negate or destroy the fundamental rights and freedoms of others; or
 2. undermine, overturn or replace the UK’s system of liberal parliamentary democracy and democratic rights; or
 3. intentionally create a permissive environment for others to achieve the results in (1) or (2)³
- **Radicalisation** – the process by which a person comes to support terrorism and extremist ideologies associated with terror groups.
- **Terrorism** – an action that endangers or causes serious violence to a person/people; causes serious damage to property; or seriously interferes with or disrupts an electronic system. The use or threat must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.
- **Freedom of Speech**- the freedom to impart ideas, opinions or information (referred to in Article 10(1) of the European Convention on Human Rights as it has effect for the purposes of the Human Rights Act 1998) by means of speech, writing or images (including in electronic form). Freedom of speech within the law is protected. Unlawful speech is not protected.

For a full list of definitions see [Appendix A](#), and for a list of definitions of acronyms used throughout this Code of Practice chapter and its related procedures, see [Appendix B](#).

4. Safeguarding

4.1 Approach

UCEM is committed to safeguarding and promoting the welfare of all students, staff, visitors and guests, and acknowledges its responsibilities to young people and vulnerable adults accessing education. To achieve this, UCEM will ensure that:

- All staff are made aware of their responsibilities in relation to safeguarding young people and vulnerable adults, both during face-to-face delivery and through online learning;
- An environment is provided where all students feel safe, secure, valued and respected, and that their health, safety and welfare is placed as one of its highest priorities;
- A culture is created where students feel confident to approach staff within UCEM if they have any difficulties, and feel confident that they will be listened to;
- Students know how to approach staff within UCEM if they have any concerns that they wish to raise;
- Robust procedures are in place for dealing with concerns, including allegations or disclosures of abuse, bullying, sexual harassment and misconduct, forced marriage, female genital mutilation, vulnerability to radicalisation or any other welfare or safeguarding concerns- an individual approach to supporting students is put in place depending on the issue;
- Training and guidance is provided to staff on Safeguarding and Prevent, including the recognition of abuse, neglect, bullying, online safety, anti-bullying, harassment and sexual misconduct, domestic abuse and vulnerability to radicalisation;

UCEM Code of Practice

Safeguarding and Prevent

- All staff working with young people and vulnerable adults at UCEM have been safely recruited, and appropriate checks of all staff (including volunteers) are undertaken. More information can be found in UCEM's Recruitment Policy;
- An approach to safeguarding is taken that is aimed at reducing risk and promoting safety across UCEM, with clear policies and procedures that are embedded across the UCEM community;
- UCEM and its staff understand their individual and collaborative duty to ensure that their responsibilities to safeguard students are fulfilled, and that they are responsible for acting on concerns no matter how small or trivial they may seem;
- Students are informed about the standard of behaviour that they can expect from UCEM staff and volunteers, and the procedures for reporting if they experience or suspect abuse;
- UCEM works with local agencies, including Local Safeguarding Children's Boards (LSCB's) and Department of Education Prevent Co-ordinator as appropriate;
- Procedures and policies designed to prevent or notify of suspected abuse, or vulnerability to radicalisation, are updated regularly;
- Staff adhere to the Code of Conduct (non-contractual)- Part 2: Safeguarding, which is in [Appendix C](#);
- Regular updates are sent to staff on safeguarding and prevent;
- A risk assessment and action plan is regularly completed and implemented;
- Information is shared appropriately when it is necessary for child protection, or to protect vulnerable groups;

In addition to the above, UCEM applies some additional safeguarding measures for its apprentice students:

- UCEM checks and reviews the health and safety of apprentices whilst they are learning with their employers;
- Safeguarding and Prevent are discussed regularly with apprentices at their review visits;
- In addition to usual Safeguarding reporting requirements, certain concerns are also reported to the ESFA (concerns regarding allegations of abuse against a member of staff, or concerns relation to sexual violence which UCEM have referred to the Local Authority, police and/or adult/children's social care).

Further details on how UCEM manages its Safeguarding provision, and for how to report a concern can be found in the UCEM Safeguarding Procedure.

4.2 Roles and responsibilities

All staff members within UCEM have a responsibility for contributing to a culture in which Safeguarding and Prevent are discussed openly and actions are taken to reduce the likelihood of risks.

The UCEM Board of Trustees has formal responsibility for the safeguarding of young people and vulnerable adults at UCEM. The details of the board member with oversight for Safeguarding can be found in [Appendix D](#).

UCEM has a Designated Safeguarding Lead (DSL), who is a member of staff assigned to act upon child and vulnerable adult protection concerns.

Names of the DSL's can be found within [Appendix D](#). The responsibilities will be:

DSL - Oversight and management of UCEM's safeguarding arrangements and overall safeguarding caseload.

UCEM Code of Practice

Safeguarding and Prevent

Senior Leadership DSL - Reporting to the senior leadership team and Board of Trustees on the work of the DSL for Students and the Safeguarding Officers. Responsibility for budget.

The DSL role at UCEM follows the role outline as detailed in Keeping Children Safe in Education:

- *Lead person in the organisation responsible for safeguarding*
- *Title should be explicit in Job Description and Structure*
- *Status and authority to carry out the duties of the post*
- *Should be given time, funding, training and resources to support and train staff*

- Local Child and Vulnerable Adult protection procedures, and where the DSL's role fits within these.
- The role and responsibilities of relevant investigating agencies, and how to liaise with them.
- Record keeping requirements.
- The conduct of a child protection conference, and of the core group, and how the DSL or other members of staff may contribute to these.

Safeguarding officers- Have responsibility for investigating and managing individual caseloads, under the oversight of the DSL. The Safeguarding officers are required to know:

- How to spot the signs of abuse, and at which stage a referral is required.
- How to report cases to the Local Authority (LA) or emergency services if the DSL is unavailable.
- Record keeping requirements.

All members of staff with responsibilities for Safeguarding and Prevent can be contacted by emailing safeguarding@ucem.ac.uk.

UCEM Code of Practice

Safeguarding and Prevent

4.3 Referral and reporting

Both students and staff are asked to refer any safeguarding concerns that they have or suspect to a member of the safeguarding team, using the process set out in the [Safeguarding Procedure \(opens new window\)](#).

UCEM staff can also refer to the Local Authority themselves, should they not feel that the Safeguarding team have acted appropriately (see Safeguarding Procedure for information on how to make these referrals).

UCEM will investigate all cases that it receives and may refer these onwards to external agencies if required. As well as referring concerns about students, UCEM will also make referrals on behalf of children if appropriate, where it is made aware that there is a potential risk to any child.

5. Prevent

5.1 Approach

UCEM is committed to making a contribution towards the protection of students from radicalisation to extremism, and its fulfilment of its duties under the Prevent duty as set out in the Prevent Duty Guidance (2015). UCEM views its duties under Prevent as an extension of its Safeguarding duties.

UCEM will actively promote equality and diversity and form strong communities to support students who may be vulnerable to being drawn into violent extremism. UCEM will also continue to champion the spirit of academic freedom and freedom of speech set out in our Freedom of Speech Policy. For more information on how UCEM approaches freedom of speech, please see section 8 of this Code of Practice.

During the radicalisation process it is possible to intervene to prevent vulnerable people being drawn into terrorist-related activity. UCEM acknowledges that any individual could be susceptible to radicalisation, and that the process is not specific to any group or section of society, including those with any protected characteristic.

There are certain behavioural signs which may indicate vulnerability to radicalisation, or that a person has undergone, or is undergoing, the radicalisation process:

- Owning or distributing extremist materials.
- Expressing extremist views.
- Sympathising with extremist causes.
- Behavioural changes, such as becoming withdrawn.
- Advocating violence.
- Use of discriminatory language or actions towards specific groups of people.
- Showing or sharing materials online which is of an extreme nature.
- Attempting or planning to recruit others to an extremist group or ideology.

UCEM offers support services to students through the academic team (including Programme Leaders, Module Leaders and Module Tutors), Apprenticeship Outcomes Officers for apprentice students, as well as Student Services, including the provision of a Safeguarding Lead. Where a student shows a change in behaviour, including activity on the Virtual Learning Environment (VLE), UCEM will follow up and support the student as required, to check for welfare concerns and offer support. This may include where it has been identified there is a possibility of a student being radicalised.

UCEM Code of Practice

Safeguarding and Prevent

UCEM adheres to CONTEST, the government's Counter-Terrorism Strategy, and seeks support from the Regional Prevent Co-ordinator in relation to 'local' and 'national' risks that may impact on UCEM's students and staff. UCEM has a Prevent Action Plan and Risk Register which are updated at least annually, and are reviewed by both the DFE Prevent Co-ordinator and the Office for Students.

For more information on how UCEM handles Prevent concerns, please see the Prevent Procedure.

5.2 Roles and responsibilities

The DSL or a nominated deputy will manage all individual Prevent related cases. If a decision is made to refer a case onwards, the DSL or deputy will do this in consultation with the Deputy Principal.

The DSL will provide a quarterly report to SLT on Prevent, and this information will be made available to the Board of Trustees.

The Deputy Principal will have overall responsibility for Prevent, which will include providing the annual report to Office for Students.

5.3 Referral and reporting

Both students and staff are asked to refer any concerns they have about a member of staff or student that is at risk of being radicalised or drawn into extremism or terrorism. It is important that any concerns are shared in a safe and supportive manner, to enable concerns to be investigated and any appropriate intervention to be developed. For further details on the process for raising concerns please refer to the Prevent Procedure. UCEM will investigate any reported issues through speaking with students or members of staff, where appropriate, to gather further information. All concerns will be considered thoroughly and fairly and will be referred externally as appropriate.

If a concern is deemed to be valid, UCEM will work closely with representatives from the Department of Education, which may include recommending that someone is referred to the Channel Programme. Channel is an early intervention, multi-agency process designed to safeguard vulnerable people from being drawn into extremism.

On occasion, UCEM may be notified of concerns about radicalisation or extremism for a person who is not a UCEM staff member or student. If this occurs, UCEM will pass concerns on to relevant local partners for investigation.

5.4 External Speakers

UCEM has an [External Speakers Policy \(opens new window\)](#) which sets out the approval process for booking external speakers, and a code of conduct for all speakers. A proportionate risk-based approach is used to assess external speakers, to ensure that UCEM does not use speakers where there is any risk that they will encourage or promote extremism or terrorism or seek to incite hatred or violence against others.

5.5 Monitoring and Filtering

UCEM students are offered student email accounts. These accounts are filtered regularly to monitor for signs of extremist behaviour/activity or signs that a student has become radicalised or is attempting to radicalise others.

UCEM also monitors staff internet searches for signs of extremist behaviour/activity or signs that a student has become radicalised or is attempting to radicalise others.

UCEM Code of Practice

Safeguarding and Prevent

In cases where there is a serious welfare concern that is not related to Prevent, information may be passed to relevant parties and staff and/or students may be contacted to offer support.

6. Admissions

Wherever possible, UCEM will endeavour to support applications from students with difficult personal circumstances, criminal convictions, or safeguarding concerns. UCEM welcomes applicants from diverse backgrounds.

However, there are certain instances (outside of those mentioned in UCEM's [Code of Practice chapter on Admissions and Recognition of Prior Learning – Higher Education Programmes \(opens new window\)](#)) where applications from potential students may be rejected, which may include:

- Where a potential applicant's behaviour towards UCEM, its staff or students, in any setting, leaves UCEM with serious concerns about its ability to support the applicant to successfully complete their studies;
- Where UCEM feels that accepting an application from a potential student may place the wellbeing, health or safety of the applicant or UCEM's staff and students at risk;
- Where UCEM feels that, due to the nature of the student's circumstances, it will not be able to effectively support a student to successfully complete their studies;

Applications from students for whom the above applies will be reviewed by the DSL and SLT DSL. A risk assessment will be conducted, and decisions will be presented to the executive board for review and approval. On occasions, applicants may be required to accept additional conditions to be accepted to study on a UCEM programme.

Any student who wishes to appeal a decision regarding the outcome of their application can do so by following the [Student Appeals Procedure \(opens new window\)](#).

7. Confidentiality and Consent

Wherever possible, cases referred to the Safeguarding team will remain confidential. The degree of confidentiality will be decided by the need to protect the student or member of staff. There may be instances where UCEM is sufficiently concerned about the health, safety or welfare of an individual that it will need to share the concerns with external agencies. UCEM employees may also need to share information internally, in order to safeguard its students effectively.

Consent will usually be gained from a student before sharing information with any third parties. The exceptions to this include where there are significant concerns about the wellbeing of a child or in urgent or emergency situations, including where it is necessary to share information in order to prevent loss of life or serious physical, emotional or mental harm. UCEM's approach to Data Protection is set out in its [Data Protection Policy \(opens new window\)](#).

Cases received by the Safeguarding team are logged and recorded confidentially. These logs are viewable to members of UCEM's Safeguarding team, and Safeguarding cases may be discussed between [Safeguarding team members](#). Cases will not usually be discussed with members of staff outside the Safeguarding team without the consent of the student, except in emergency situations.

UCEM Code of Practice Safeguarding and Prevent

8. Freedom of Speech

UCEM believes that everyone has the right to freedom of expression and acknowledges that freedom of speech within the law is protected. UCEM will have regard to its duty to ensure freedom of speech and recognises the importance of academic freedom. Unlawful harassment or unlawful incitement to hatred or violence does not constitute free speech within the law and is not protected. Where UCEM has sufficient concerns that a student's views or expressions indicate that they may have been radicalised or are extremist in nature, UCEM will seek advice and make referrals as appropriate, following the steps set out in UCEM's Prevent Procedure.

Please note that this statement should be read in conjunction with UCEM's Freedom of Speech Policy and is not intended to undermine or conflict with this policy. If any conflicts occur, the Freedom of Speech Policy will take precedence.

9. Monitoring and review

This Code of Practice chapter will be reviewed at least annually by the DSL in accordance with the guidance 'Keeping Children Safe in Education (2020, and future updates)' and 'Prevent Duty Guidance: for England and Wales', with the updated policy presented to the Board of Trustees for approval.

A monthly report summarising any incidents and other matters related to the scope of this policy will be provided to the DSL by the wider members of the safeguarding team. The DSL will prepare a report on the matter for the Board of Trustees, which will form part of the six-monthly compliance report to the board.
